- Parts must be on a canvas size of 1920 x 1080
- No watermark or lyrics!
- Pay attention to the script, alongside the board, to get a clear visual on what's asked of each part.
- Please leave a few additional frames at the beginning and end of your part for editing purposes! Codeword is "Bugs!"
- Lyrics highlighted **like this** require lip sync.
- This is an AMV project!
- The deadline is October 25th! Although there is plenty of time until then, if you need to drop the part, please inform me sooner rather than later!

Script:

Part 1:

Slow pan showcasing the Thunderpath, crossing from ThunderClan territory to ShadowClan. Continuing the slow zoom inside the forest, now looking into ShadowClan camp; the focus being the leader's den. Note: the brush is primarily thorny bushes and bracken.

Part 2:

"Hi kids! Do you like violence?" Continuing the zoom in, we center in on the leader's den. *BrokenStar* steps out of the darkness, baring teeth and claws while singing.

Part 3:

"Want me to grab a spare bear suit and stuff you inside it? Got an appetite? Grab a couple slices" *BrokenStar* crouches down and stalks by *MintKit* and *MarigoldKit*, taunting them. He continues forward, still looking back at them while sneering.

Part 4:

“Mom and dad lied when they told you I was **lifeless. What's this?**” *BrightFlower* tucks the two kits into herself protectively. She stares at *BrokenStar* with fear and anger. *BrokenStar* sits up abruptly, the background transitions to a different set of trees showing that he is now in WindClan territory.

Part 5:

“Someone in the main office? Hanging out after hours? **How obnoxious**” *BrokenStar* looks down into WindClan camp, and we see *TallStar* conversing with another WindClan warrior. *BrokenStar* snarls. Note: for the BG WindClan cats, refer to the folder of designs, but you may also use OC's. Refer to the OC submissions channel or insert your own, as long as they meet the requirements.

Part 6:

“Watching us on his monitor, preposterous. Time to wake the others now we'll show him who the boss is” *BrokenStar* stares on angrily while speaking. Beside him, *BlackFoot*, *Boulder*, *ClawFace*, and others rise up out of the bushes. He continues to snarl and smile crookedly. Note: the extra cat(s) can be an OC! Refer to the OC submissions channel or insert your own, as long as they meet the requirements.

Part 7:

“Call me Freddy, I'm the teddy with a temper. When I see a face like yours, **I remember**” now back in ShadowClan territory, *BrokenStar* circles *NightPelt*, *YellowFang*, and *DawnCloud*. The camera pans around *YellowFang* as she looks down at *BrokenStar* unfearful. He looks back up at her (still circling) and snarls. Note: for the pan around *YellowFang*, imagine she is in a microwave!

Part 8:

“Make it through the night and I'll bet they'll give you tenure. Then you can be part of Freddy's family forever” sneaking through the brush, *WhiteStorm*, *Firepaw*, and *GrayPaw* pass by. *Fire* lifts his head, and we see the entire ThunderClan patrol has their sights on the scene below. Note: it's entirely optional to have *BrokenStar* lip-syncing in the background

Part 9:

“Most of us got a major upgrade” *BrokenStar* leisurely plays with his claws, and suggests to the ShadowClan warriors behind him; *Boulder*, *ClawFace*, and *BlackFoot*.

Part 10:

"So I hope you don't hate staying up late, If you're scared, give your resume an update" *ClawFace* and *BlackFoot* take out *DawnCloud* and *NightPelt*. *YellowFang* is taken aback. The camera rushes into her, as *BrokenStar* pins her down. From the bracken, *FirePaw* pounces out ready to strike.

Part 11:

"Cause unless you quit, you'll still be making minimum wage" the camera bounds up to *BrokenStar* (in the perspective of *FirePaw*) *BrokenStar* glances over in surprise.

Part 12:

"When I come to life, you've got no place to hide" *FirePaw* tackles *BrokenStar*. *BrokenStar* slides to a stop before heaving himself at *Fire*, claws unsheathed.

Part 13:

"Keep an eye on the time and a light by your side" *BrokenStar* swipes his paws at *Fire*, who is just barely able to evade them. *BrokenStar* sits up and says the lyrics with a scowl.

Part 14:

"You can try if you'd like" we see *Clawface*, *BlackFoot* and others fleeing into the bracken having been defeated.

Part 15:

"To survive five more nights" *Fire* stands motionless, tail flicking while staring straight ahead (*BrokenStars* perspective) as a crowd of both the *ThunderClan* Patrol, and scrawny *ShadowClan* cats step forward by his side, angry and vengeful.

Part 16:

"Stick around, don't be shy" *BrokenStar* slowly retreats backwards into the bushes, eyes on the crowd.

Part 17:

"We're your friends, we'll show you why" as he steps back, *BrokenStar* is enveloped in darkness, only his eyes continue to shine.
