

Introducing the Carolinas Region Assistant Regional Coordinator, Jennifer Fox, deepening her role and ability to serve. She began her journey with PTK as a student inducted in 2014 with Beta Delta Pi at Carteret Community College. In 2017, she accepted the honor to become the advisor of Beta Delta Pi. Becoming the Assistant Regional Coordinator for the PTK Carolina Region represents the next step in a lifelong commitment to service, leadership, and student success.

Prior to her journey with PTK, she proudly served and retired from the United States Air Force as an Air Traffic Controller. Traveling the world and serving in two tours in Iraq. She later earned her bachelor's degree from NC Wesleyan University, is currently the Registrar at Carteret Community College and was awarded the 2001 Staff member of the year. As a Registrar, it provides a unique position to support all students, across all programs, from entry to graduation. From her role, she can provide intrusive advising, provide guidance to campus resources, and navigate barriers to enrollment/graduation.

Her favorite role in life is mom to an autistic son who participates in the college's adult exceptional program and proudly serves as an honorary PTK chapter member. She volunteers as a Bocce Ball coach and serves as the Co-Coordinator for Special Olympics in Carteret County. These shared commitments reinforce the values of inclusion, patience, and joyful service that guide everything she does.

Beta Delta Pi, earned a 2020 International Distinguished Theme Honors in Action theme and continues to earn a Carolinas Regional Super Star chapter, earning REACH Rewards, and FIVE-Star status. This opportunity strengthens the connection to the region, opening more opportunities for collaboration and student engagement. For Carteret Community College, it would demonstrate our ongoing commitment to academic excellence, leadership development, and regional involvement. For me personally, it would be the honor of supporting advisors and students across the Carolina Region while continuing the mission that has shaped my own PTK journey: empowering students to see their potential and lead with purpose.
