22 the Lord hallelujah sweet presence of the Lord here tonight amen hallelujah thank you Lord hallelujah thank you Lord I want to give a word tonight that Yahweh honey you can continue playing for me a minute but how you back me up playing like I with the words got to have a little argue music but I was getting ready for service this evening and Yahweh began to speak to me and he showed me specific ones in here to call that Red Sea moment for and I can truly say I wasn't thinking about anything like that uh just planning to come on to church tonight and singing and excited but he began to show me

23 you and you know the other day we were sitting at a restaurant and the calls and the bets were with us and uh we were talking about what's going on in the world and just it was has it been a travesty and just things that's happened no one can understand and you know just what's going on in the government and just everything um you know it could look really bad just Wars rumors of wars and I said Yahweh has a plan it will be carried out and I just hear a Red Sea moment is about to happen which is a Suddenly It's when it seems like there is no way the Red Sea was in front Pharaoh was on Army was

24 behind that's a song The the children of Israel were caught in the middle of a problem with no solution there just was no way out so they thought then the Lord God of Israel he parted those Waters and the children walked through on dry ground just in time to see the walls of water collapse and every one of Pharaoh's Army went down the rest of the song is yah will make a way where there is no way yah will make a way for you and I began to think while I was getting dressed and on the way here how the children of Israel you know they had fought so hard in Egypt and it was so horrible and they

25 were just one day they knew because they were following the cloud by day the fire by Night the cloud was his voice so they just knew that the promises were there they were going to cry cross over to the other side they didn't know when it was going to be where it was going to be but in the meantime they had to endure the Suffering The sufferings that they had to endure the persecutions and and things like today that you go through things every day but they were in Babylon they were in Egypt but when that promise came and their leader said let's go whoa we're going to the other side but I can

26 just imagine when they started going they knew that you know the the Army was going to come after them I'm sure they did they weren't going to just let them okay we'll go on through the door we'll let you get on out but the children of you know they just kept going you know by faith and following their leader they get to that Red Sea which I don't know if they knew that was there if they had been out to that point before I've got to always think ahead and think of all kinds of things but it's like I'm just imagine maybe they didn't know that Big C was going to be a something that they could

27 block them a block you know so they but they're still by faith okay we got a promise we're going to the other side we believe no matter what we see in front of us we know there's something even further ahead of us and Yahweh can do what no man can do but he's going to have to do the doing so then I can just imagine when the Red Sea did par Wow first of all I probably would have passed out I don't know if you about you but that's kind of big when I you

know imagine going out there to the ocean out there and then it just parting for you to walk across so still they've got to they're they got to

28 because the Army now they see are behind them well certainly you know Yahweh is going to trip them up or something and they're not going to even get where we are and they're going not even come here you know there's no way but then they look behind behind them and and they see that the Army is still behind them while the sea is opened up so they think you know I can only imagine there may have been a few doubting Thomases in there come on there's going to be a few in every group gonna be a doubting Thomas you got all these people with all this fake they look bunch of crazy people that make no

29 kind of sense and they're keep charging forth they're not even looking back like Lot's wife they're not even looking back Yahweh gave them a promise and they're going to get to the other side and like Lot's wife she she she quit believing she might have believed for a moment but she started like wait I think I'd rather be back there I think I'd rather walk that way it looks a little better even though it was horrible I I don't know what's in front of me so I'd rather go back to my comfort zone even though it's uncomfortable so I can only imagine that there was a few of those children of Israel

30 that did that that doubted for a moment and then we had you know uh sister B saying come on come on come on it's right ahead of us don't you dare look back don't you dare turn around don't you dare give up or give in on the promise don't you dare no matter how bad it looks I'm going to the other side cuz Yahweh promised me and he cannot return a promise void so I can only imagine I can look at sister Pat grabbing one of us come on honey I got some cookies we going to be all right we're going to be okay we're not going to starve even if there's no food over there I got some in my backpack you

31 know and just and brother I mean Elder Connelly saying well hallelujah amen let's go let's go but that's what you do with a body in unity is you keep pulling each other and you don't let each other turn around and give up and give in I imagine that some of the children of Israel that were doubting thought for a moment and they're looking at the that Army is fixing to get a hold of them okay this Red Sea may stay open for a while but they going to grab them and they're going to do no telling what to them but maybe maybe you know it could be better over there the grass could be greener maybe now

32 and maybe you know it's not as bad as it was the whole time I was there maybe and this we're going to get on that other side and there is nothing over there that I know of there's no people no help no food no nothing at least over here we had some provision I mean we you know we didn't get all those details in the word but I'm sure there had to be a few that were doubters see Yahweh has no room for doubters faith is what moves him yes you want to look back Lot's wife what do she do turn into a pillar of salt you follow the cloud not the crowd you follow the cloud not the crowd you follow the

33 cloud which is his voice not the crowd which is your own mind that's crowded in confusion oh but I think this could be better things aren't working out exactly perfectly as I thought where you brought me yah so I think I'll just jump in my own cloud you can't follow your Cloud you there's only one Cloud his voice voice so I began to hear in my spirit to call out sister sir's name while I was getting dressed and he told me cuz I don't pray but look I hear what he say to pray and I've never prayed this he said pray and open Heaven over her business pray that she will be so blessed she can't even

34 contain it her and brother pass both that you will be so blessed you will not be able to contain it so I did that so you can expect it because I'm going to tell you the other that you're going to have your red SE moment a suddenly where everything just falls into place suddenly where it has been stopped all this time but all of a sudden it is now wow it just happened when I spoke

that the other day about the Red Sea the very next day the Red Sea happened we have a new speaker in the house and it was a suddenly that nobody expected more than we could ever expect or pray for or dream of it's

35 like we're still in shock and then I know they're not here but sister Callie brother Shane suul he said to call out the same over their business that it will just uh open Heaven over it more than they can contain but I don't know how many in here are looking for your Red Sea moment suddenly in your name also came up Sister Denisa e yes but if you're looking for that Red Sea moment and you know what it is start believing for it start picturing yourself like the children of Israel that if Yahweh has given you a promise and it's on the other side cuz it's not where you are right now he's going to

36 make a way for you to get to that promise and it's going to suddenly happen and I believe in for that and someone whoever on online as well you have many out there that have been praying what Yahweh has told you to pray a promise that he's given you you've not seen it yet and sometimes you might look back and thought think wow forget it it looks better over here don't forget it because just at that moment when you are about to get to the other side when the word when it's at its wor is about to be its best by the way I've come too far to look back my feet have walked through the V I've climbed

37 Mountains cross river desert places I've known but now I'm nearing the home Shore the the redeemed are rejoicing oh Hallelujah the angels are singing oh the angels are singing I've come too far to look back I've come too far to look back my feet have walked through the valley I've CL I've climbed mountains crossed River desert places I've know but now I'm nearing the whole sh oh yes the redeemed are rejoicing rejoicing Heaven's angels are singing I've come too far to look back I've come too far to look back my feet have walked through the valley i' climbed Mountains cross river desert places

39 too far to look back well Glory praise the Lord everybody hallelujah amen you may be seated God bless you tonight y'all take that word in your heart come too far to look back Hallelujah come on hallelujah praise the Lord yes sir sure good evening church I want to thank everybody that helped me throughout the my time after my accident and I ask God Yahweh to bless y'all mightily I really appreciate it it keeps me very humbled and honored at the same time I love youall all thank you thank you um yah I've been talking to Yahweh a little bit and um one thing that has been coming to me is what are

40 you going to do with your un your unbelief and I thought how could you say that that's what I felt in my heart how could you say I I don't believe and um he made it very clear that every time you worry or anxious for something that's unbelief and so it was so clear and um Hall it was beautiful and so we've had some struggles recently um but I wanted to testify because um I was doing my um ties dancing up here like I do and Pastor stopped me and I didn't know why but he prayed an extra prayer for us and I took it and thought thank you we had taxes that we waited on an extension last minute

41 people I'm not like that I'm a planner I like to be on time and we were late and we were paying on the I mean midnight on the last day it was ridiculous and we didn't have enough but I didn't fear I didn't I was mad at myself in fact I wasn't mad at Yahweh I was mad at myself why

didn't I plan better it's my fault and um so we paid what we could we drained everything and we just paid it and thought we'll have some penalties but we're good we're good we're we're in a blessed place thank you Yahweh and on the way to church we don't always go to our mailbox because it's too long a walk we have a

42 long uh we live in the we live in the country so on the way to church um we open up a check that was from Daddy's Johnny's Dad's life insurance we have not settled for an estate yet nothing has happened in six months but there's this check there and it wasn't what we paid on our taxes and I I expected it to be he's going to provide us enough to pay that balance he's just going to do it I know you don't need to know what the balances are he's just going to do it and I before I said that out loud I said Johnny what's this going to be for for it's your money it's your daddy's money and he say it's

43 for taxes okay we'll open it it was not what we owed it was the every penny of what the whole [Music] thing so how I take that is he has refilled my Storehouse and blessed me all the more oh come on y'all can do better than that thank the Lord that's a miracle Hallelujah that's a miracle that's a Red Sea moment hallelujah hallelujah your check is next Glory Glory Glory Mighty God Mighty God woo somebody run check your mailbox Hallelujah [Music] Glory Glory there you go has done what the Lord has Hallelujah he bued my body he touched my mind he save me just in time I'm going to praise His name

65 so not this coming Sabbath I don't know what the fifth is Sunday all right so let's announce even for the live people uh not this coming Sabbath but the next one the time changes so our service times will go down to 6 instead of seven not this one don't get confused next Friday night 7 o'clock and then for the winter we'll do 6 o' until the time changes again then we'll go back to 7 why do we do that because in the summer we don't have the Sabbath day until sunset so we're if we start church at 6 in the summer we'll be out of church before the Sabbath begins so that's why we do that just so

66 y'all know amen praise the Lord huh on the 10th so it's not the second the second Friday y'all help me no will it be on a Friday it's the fifth oh it's the 10th okay it's the 10th all right okay so the 10th our time will change amen sounds praise the Lord yeah your stride in your hide there you go hallelujah praise the lord well I'm glad she got you hooked up hallelujah amen amen let's get in the word tonight before we run out of time I don't like to be constrained by time uh Brothers I think we'll go to I think we left off at about slide 30 something just go to about number 30 I can't believe

67 y'all figured out how to get my slides up and everything no keep going hallelujah we're going to do part three tonight of goodby guilt good by guilt keep going the power of the New Covenant go ahead keep going Brothers keep going go go go go go go go go go all right go back go back go back go back right there Hallelujah part three is the chosen seed is what we're going to call this one tonight it is part three of Good by guilt we're going to Romans chapter 7 and I'm going to ask you tonight to just stand for this one reading and then we'll go into tonight T's lesson on Friday nights I try to

68 teach more in depth so that uh we can feed you you need to be fed amen chapter 7 we're going to start at verse 14 for we know that the law is spiritual I was carnal I love that word I was carnal I was sold into the power of sin what what is he saying here there was a time I couldn't help but sin because I was a slave to sin I obeyed my master he said he said strike it up I struck it up whatever he said to do I did it because I was carnal verse 15 here's where it gets interesting for what I would have done that I did not do but what I hated is what I did notice the

past tense right there I did

69 when I was carnal he said the evil I didn't want to do I did it but the reason is I was carnal the law is spiritual you cannot obey the law of God without the spirit of God Amen verse 16 and if I did what I did not want to do I agreed that the law is righteous as it was it was no longer I myself who did it but it was sin that dwelleth in me for I know that nothing good dwells within me that is my what there is something good dwelling in you so he corrected it right there he said let me make it plain in my flesh for I wanted to do what was right but I did not carry it out for the righteousness

70 that I wanted to do I did not do but the evil which I did not want to do that's what I did now if I did what I did not want to do it was no longer I who did it but it was sin living in me that did it verse 21 so I found this law at work that evil is always present with me keep that in mind you're never getting rid of evil you're never getting rid of your flesh all right keep that in mind verse 22 I love the law of Yahweh Paul I thought you said there was no more law anyway I'm a little confused here he said I love the law of Yahweh and if you ask anybody about the law they'll say that Paul was

71 against the law and he said I love it according to the inward man but I saw another law at work in the members of my body Waging War against that other law that's in my mind and it brought me into captivity to the law of sin which is in my flesh oh Wretched Man that I was who will deliver me from the body of death thanks be to Yahweh I have Deliverance through yua the Messiah so then with this same mind I myself serve the law of Yahweh while in the flesh it is subject to the law of sin amen you may be seated tonight now I didn't understand why because if you've got a regular Bible it probably

72 wasn't reading like mine was reading correct yours was probably making everything present tense but the good that I don't want to do is what I wind up doing come on now see see see Paul is that there was a problem there and it was a mistranslation when he said the reason the book of Yahweh has corrected that because the context says when I was carnal that's what Paul said when I was carnal I struggled with these things and that it brought me into captivity here's what he's saying I'm never going to get rid of the flesh but I can mortify that flesh by the spirit that dwells in me and bring it

73 into captivity rather than it bringing me into captivity amen and tonight I want to continue about Good by guilt because when you come to the message that I preach uh the first thing you're going to hear Brother Larry and I'm I'm just reiterating from a few weeks ago the first thing you're going to hear in your mind is all right I'm a commandment keeper and yet the Bible says that even my thoughts are sinful the Bible said that if I break one I've broke them all so what's the point the devil then says sister what's the point of trying to keep any of them okay so when you do start living for

74 the Lord and you're filled with the Holy Ghost the the moment you commit a sin the enemy is going to convince you that you're no longer right with God okay and if he can get you to believe that then you will stay in that condition my job tonight is to make sure that you're not like the old lady on television when she pushes the button you've got to never say I'm I've fallen and I can't get up amen because you're going to find out tonight when you fall you must get up Hallelujah so how do we get the guilt out of our minds and still love the law of God that is where we want to begin tonight uh

75 Yahweh always has a chosen seed that seed that's in his hand in the old Covenant Yahweh had a fleshly people the seed was Abraham's physical sperm and that was yahweh's chosen seed uh I've heard people say brother vanon the Jews are yah's chosen people well let me tell you there's another group of people that's also Chosen and they are the one new man they are the remnant Israel and so God's always had a chosen seed in the New Covenant it is not a

fleshly people it is a promised people and that's the difference in the two covenants remember the difference in the two covenants the old Covenant

76 is flesh the New Covenant is spirit all right in order for you to walk in Freedom from guilt you have to learn tonight about the two 's there are two Allans Morgans there's two justinas you're going to have to learn you're going to have to get better than the transgenders at learning which one you're going to identify as hallelujah amen all right there are two you see and uh you've got to learn that there is the flesh you and the spirit you there is the mind you and the body you you've got to learn how to separate those two entities or you'll walk in guilt over what the body you does Amen

77 you're going to have to learn tonight the you that is part of the chosen seed of God the new covenant's chosen people are the sons that are begotten of God by the Holy Spirit through the seed of the word now this is totally different than the old Covenant in the old Covenant you were begotten by men all right they said Abraham is our father that's an old Covenant mindset yes sir all right you were begotten by a human but until you become begotten by a Heavenly Father you're not chosen for the New Covenant amen amen you're going to have to learn that tonight the two seeds inside if you read

78 Elder let's start with 1 Peter 1 22 through 23 that's all right seeing ye have purified your souls in obeying the truth through this now how do you purify your how first of all it's not Soul it's spirit it's a mistranslation you have to purify your spirit now how many how many of yous are there y'all wake up there's a body you and a What Spirit you here you're told that you've got to purify that Spirit you okay how do we know that we're being purified read in obeying the truth in obeying the truth amen that's how you purify your spirit you obey the truth whatever is true you obey it you know

79 why that's purifying your spirit because the carnal you cannot do that amen when when when Authority gets in your face and tells you what to do the carnal you wants to Rebel but you see as you obey the truth no matter how bad it hurts you're purifying your spirit mind amen read obeying the truth through the spirit unto sincere love of the Brethren oh wait a minute oh brother V I'm purifying my spirit the number one test is not how you love God Amen but how you discern the body how you love your brother in this church and your sisters you'll know you're being purified when you have such an

80 overflowing love for the body Hallelujah to where all you want to do you know they came to yua Elder Baker they they knocked on the door he was teaching in the church and they said yua your mama's outside she'd like to talk to you he said uh your cousins are out there they want to say a word to you and he said who is my mother amen who is my brother amen you go tell them I'm in here with my cult family this is my real family he he had such a love for the family of God the ones that loved truth just like him now if I would if his mama would have been living in this day she' have went jumped

81 on face Facebook what do you call a church where they'd rather be around one another than their own Mama amen amen call alert call alert amen yua said you tell them they're not my priority anymore Hallelujah brother V but my family you got another family that you've got to love with all your heart Hallelujah Hallelujah I've heard people say nothing comes before my family shame on you sh on shame on you yua said if you don't love me more than mother or father you're not worthy of me that's right when you fall in love with the body of Messiah and you're looking at them you're looking at the body

82 of Messiah amen when you find people that don't want to go to church but they love God they don't know what God is God is in his church he is in the people in this congregation that's how you know you're purifying your spirit when you want to be around yah's people you can't wait to get off of work to get around God's people because that is who your family is amen and

that's how you purify your mind read see that you love one another with a pure heart fervently did you say fervent love fervent love how do you fervently love one another is your love for the people in this ministry a fervent

83 love I don't really know what fervent means in the Greek I didn't look it up but I I would be interested to know because a fervent love is more than a regular love it is a genuine overriding love that's how you you know your mind's being purified you know why because if it's not purified the last place you want to be is among the people that can discern that you're not purified amen listen brothers and sisters God wants to teach you how to purify your spirit by loving one another in such a way that nobody in this church goes without nobody in this ministry uh goes without if you're sick if

84 you're we you know we've got to learn to step out of our comfort zone and really just become so fervently in love with one another that if you move here we come and unload you if you uh whatever we just we've got to fervently love one another do you know why brother call was here an hour early tonight for church there's a fervent love in him to make sure that all those people out there tonight would hear this word of life that's fervent love that's a long drive they came to early to fervently love the people and as you do that you're purifying your minds amen read Elder that word also means

85 stretched out or earnestly stretched out that's a stretched out love stretched out love earnestly or in come on beond stretch stretch more than you've ever done before that's a stretching love that's right that's correct it's a stretching love that's that love sister Pat and sister stretched out absolutely that was a stretching love stretching love Hallelujah I like that stretching love stretch yourself read Elder being born again or begotten again not not of corruptible seed but of Incorruptible by the word of Yahweh which liveth and biteth forever let's do it again so we have to be born

86 again by what by the word by the word which liveth and abideth forever all right I'm going to help you tonight get over the guilt there's nobody in this room without sin nobody the Bible tells us that we have all sinned come short of the glory of God there is no one here that uh hadn't maybe fudged on your ties a little bit huh uh there's there's nobody here that has not failed to reach the mark everyone in this room you can take off your religion throw it away everyone in this room has missed the mark brother Sly every one of us okay okay everybody here has missed the mark so I'm fixing to

87 read you some scriptures that's going to really be a problem and when we read these scriptures you're going to see that without a proper understanding of God's word you would live in guilt from the time you woke up to the time you go to bed amen let's look at a few of these next screen let's go read 1 John 32-9 now these scriptures here is going to cause has caused many people to give up the fight 1 John 32-9 read beloved now are we the sons of Yahweh and it doth not yet appear what we shall be but we know that when when he shall appear we shall be like him for we shall see him as he is and

88 every man that hath this hope in him purifieth himself even as he is pure every man that has this hope that we're not yet what we shall be but if you have that hope in you you'll purify yourself amen if you have that hope I don't know what I'm going to be I know I'm not what I I know I'm not what he says I am yet but I've got this hope that I will be so therefore I'm going to purify I mortify myself now while we're getting there Hallelujah however read the next few verses whosoever committeth sin transgress transgresses also the law for sin is the transgression of the law I'm not even going to

89 say nothing there y'all know what I want to say but anyway go ahead if there's no more law I mean really come on all right go ahead and ye know that he was manifested to take away our sins yeah now yua was manifested not to save you from heaven or hell not to bring you to

heaven to save you to Hell the only reason yua was manifested in the flesh was to he set it right there to do what take away our sins to take away your commandment breaking amen we just read sin is transgressing the Commandments breaking the law all right yesu said I came because I know that if we're depending on you you're

90 not going to do it amen and you'll be without hope so I think I'll come and do it all right and I will I will live that life where I won't transgress my father's law read and in him is no sin in yua is no sin because yua himself that's my mama calling me Hallelujah yua and oh Lord Karen if she's if it's after five hold on she may keep calling uh Five O'Clock Somewhere Glory Glory Glory Hallelujah praise the Lord read Elder whosoever abideth in him sinth not pause it's just opening up whoever abides in Yeshua never sins Hallelujah well y'all can count me out that's a powerful scripture whoever

91 abideth in yua will never break the law of God Amen I don't know about you but that scripture don't apply to me come on I'm in the spirit I he listen to me I know that my flesh man fails but see we're not talking about a flesh man we're talking about a spirit man Hallelujah he that abideth in yua in the eyes of God he will be without sin Hallelujah now I'm fixing to explain to you how this all works so it's going to I'm going to bring in the Theology of it in a moment but I want you to know right now some those 144,000 on Mount Zion do you know what the Bible says about them they were without

92 s sin that's right they had the same testimony yua has amen now do you think it's because in their flesh they were as equal to yua no but it wasn't about their flesh yua was without he was the seed within them that they abided in and God said they're without sin Hallelujah goodbye guilt goodbye guilt Hallelujah those 144,000 didn't live the same life yua lived but yua lived the same life in the seed in them and they abided in him and when they did fall they had an advocate that still declared them without sin Glory you've got to learn about the two you amen you've got to learn about the first

93 Adam that in the eyes of God he's dead and then you got to learn about the second Adam that dwelleth not in everybody but but whoever he dwells in they do not sin now how can that be sister bets when there's another scripture I'm not going to read it but you can look it up that says when you sin on I thought if I had the seed he that abideth in Christ sinth not that's right the other scripture says when you sin but wait a minute we can't have it both ways he said when you sin you have an advocate that has already covered that sin in the eyes of Yahweh if you're abiding in him Hallelujah now I

94 don't say if you play in church but it says if you're abiding in him walking in the spirit see what's going to happen while you're walking in the spirit sister Justina you you said your prayers this morning you read your word you you ain't talking about nobody and all of a sudden this ungodly thought will hit your mind right after you've been in the spirit and you're ashamed that that thought even came in your mind here's what the Bible said the Bible said that the moment that thought came in your mind because you were abiding in Christ you are without sin before the eyes of God now if

95 that scripture means what he just read it means that none of us are of God if it means the what what we think it's saying that if you're saved you ain't never GNA make a mistake again because if you do you're not of God Amen keep reading Elder tell us where you're reading verse six whosoever sinth hath not seen him oh if you if you ever sin you have never ever even known the Lord seen him or known him that's what is sin transgressing these law so if let's just pick one out thou shall not steal no let's do covet thou shall not covet if you've ever looked at what another man had amen and wanted

96 it you you've never known God according to that yes sir no wonder people live in guilt no wonder we live in guilt read little children let no man deceive you he that doeth righteousness is

righteous even as he is righteous all right he that doeth right is righteous Now read the next verse for he that committeth sin sin is of the devil for the devil sinth from the beginning for this purpose the son of Yahweh was manifested that he might destroy the works of the devil all right watch this he that committeth it's not it's not the word commits it's committeth committeth that is an ongoing

97 lifestyle that's not commit it's committeth it's it's an Ono you love it okay that person is of the devil if you want to know who's of God and who's of the devil there are things that bother you that don't bother your neighbor you understand I convict you if you are still being convicted you are still walking in the spirit but it's when you make an excuse for your sin that you're starting to walk in a carnal mind but when you are convicted by God then what happens is there is something else in you that don't like sin amen you can know brother Michael it's still in there if there's something in

98 you that don't like that sin you just committed Hall if you sin brother Sly and it don't bother you you're of the devil see here's the deal some of us miss the mark and some of us the moment we do we're looking for a place to cry out like David did we're looking for a place to get it out of us there's other people when they miss the mark they keep on missing it and they love missing it that's the difference in you and a sinner he that that is of God sinth not here's why he hates that sin Paul said the things I hate is what I did but the fact he hated it proves he's of God hallelujah read

99 whosoever is born of Yahweh doeth not commit sin for his seed remaineth in him his seed remains in him listen to me and listen carefully yua is that seed amen I want you to read that verse again I'm GNA break it down he that what he that wait whosoever is born of Yahweh doeth not commit sin why for his seed remaineth in him here's what he said if you're born of Yahweh hallu as long as that seed remains in you you sin not amen you make mistakes you fall and you stumble but you see you have a promise that as long as the seed abides in you and you abide in him as long as that happens it's the sin

100 debt is paid already because you hate that sin hallelujah amen God wants you to hate sin go ahead and he cannot sin because he is born of yah you cannot sister Denisa you cannot sin now I'm going tell you that's powerful words and for a preacher to say those words he better know where he's standing Sister Janice you cannot sin Let me let me rephrase that Janice number one can sin Janice number two cannot sin because that is Christ in you and he cannot sin and as long as he's inside of you you are not a a sinner now how does it all work let me show you next screen here's the problem this baby

101 right here that's the problem let me show you where your guilt comes from because you've all been lied to I was lied to my whole life and this is what tormented me night and day I was told that I was born again stay with me don't judge me yet cuz I'm fixing a mess you up I was told Brother when I received the Holy Ghost I was born again I was told that now everything I Loved Before I wouldn't love no more that lasted about 24 hours I I was told that I was coming up a brand new creature and that that old man I'd never be bothered with him again I was told I was going to leave him in the water

102 oh I Left Something In The Water you better not judge me yet because I'm fixing to mess y'all up with the word so when you come to Christ sister Pat if I tell you you're born again you wake up tomorrow and it ain't 10 minutes your husband done got on your nerves like he did yesterday morning here's the first thing that comes to Pat's mind well maybe I wasn't born again maybe I wasn't born again and that's what Satan lives off of maybe how many of you when you receive the gift of tongues you just really believe D that you everything's about to be wonderful for you next day was nothing wonderful

103 and here comes the devil well maybe I didn't get the real thing so you come back to the

altar in guilt praying for hours trying to get the real deal let me explain to you what the real deal is the problem is understanding the difference in birth and begettal the huge misunderstanding of Christianity concerning the word born again and from this misunderstanding comes all your guilt let me ask you a question if you're born again everything about you are supposed to change all right what about those parts that didn't change what about those parts of you that you're still struggling with after you

104 got the Holy Ghost after you was born again here comes the guilt here comes the shame because you were misinformed that you had been born again now they didn't mean to lie to you the problem was they didn't understand the Greek word Gano I'm going to show you a few examples from the Bible follow me closely the Greek word gano can mean birth or begat okay and I'll prove it to you it depends on the context if the word Gano is referring to a man then it's begat if it's referring to a woman it's born you didn't know this so therefore you didn't understand that when they translated the Bible they

105 come to the word Gano I'm going to prove it to you from this verse 1 John 5 And1 watch it whosoever believeth that yua is the Messiah is born notice the word born follow me down here notice the word born follow me here born same verse what's the Greek word for born same scripture and everyone that loveth him that begat loveth also that is begotten of him let's follow the word begat same verse begotten begat what's the word okay how in the love of God in the same verse can you have the same exact word translated they're born and they begat and begotten there's the confusion because what this

106 says what it should say whosoever believeth that Yeshua is the Messiah is begotten of yah why is this important it's so important why is is there any difference in the child that's an embryo versus the child that comes out smiling at everybody is there a difference in those two creatures listen one's what one's born one starting to be born please quit telling people they're born again they are begotten again right and here's the problem if you don't understand the difference if I tell you Elder Baker the seed and I'm not going to get graphic we have children the Greek word for seed is Sperma

107 okay listen to me carefully in the seed is the full grown child however maturity is not in the seed say it again absolutely the seed does it mature you the mother does and who is the mother of us all the church the Apostle the prophet Prophet the pastor the Evangelist and the teacher hallu that's why when I baptize you I say I baptize you into the Church of the Living God do you know why that baptistry is the centerpiece of the church what is the centerpiece of a woman her womb the water of her womb that is the womb of the church is the water of the womb that's why we tell people to believe

108 for the Holy Spirit when they get in the water because that's where the seed comes to the womb ain't nobody hearing me we have told people they're born again when they're not that's right and then when they don't act like they're born again we say I thought you was born again no I wasn't I was begotten again I'm on a journey I'm in a process I'm maturing I'm growing day by day by day by day I'm in the womb of Mama church I'm here tonight Sister Janice so that what I was yesterday one more sermon will take a little bit of that out of me so I can mature into the Born Again child of God you will

109 not be born again until the Resurrection the first time you was born through the womb the next time through the tomb that's when you will be born again Hallelujah that's right you'll get the glorified body a body that cannot sin you're going to get a body sister sui that cannot sin but you've got to have a mind that's been delivered from sin that will match up with that body that cannot sin you can't put the wrong blood type in a transfusion you can't take a carnal mind put it in a sinless body because in just a matter of time it'll sin you got to have a mind that hates sin so when it connects

110 with a body that has no sin they will be able to work together hallu quit telling people they're born when they're begotten we're so used to saying it I know we are but we have to break the habit and we have to tell people when they tell you they're born again say you were begotten again that's wonderful and then they'll say what do you mean and say oh do you not know the difference let me teach you y'all see the struggles you're going through is because you're in the womb we get people filled with the spirit that's the seed that's the Sperma the only thing Yahweh cannot create is maturity and

111 character who who creates that the church why do you think Satan pulls people out of the church why do you think they get offended at the pastor for being too rough they don't understand my job is not to coddle you my job is not to caress you my job is to perfect you to bring you to maturity that you might Rule and reign with yua Glory Glory Hallelujah you know the first sign that you still need a pastor if you still can get offended here's ladies and gentlemen you need the church for one reason the church the Bible says iron sharpens iron you will never mature without the church and without a

112 pastor ever never you will not mature just watching me on a zoom Bible study as much as I love you until you say you're my pastor you have full authority to correct me challenge me discipline me I want to be matured Glory why do you go to church to hear what you already knew why that's not helping you sister Katrina to hear what you already knew have you ever come to church and said my God how does he not preach the same thing twice you know why I've given I've been given a supernatural Silo that stored up with food for Eagles to fly with uh and that's why you're here to learn how to fly so

113 you can rule and reign with Christ hallelujah it's not my job to call and check on you my job's to get you into such a matured position you don't need nobody checking on you cuz you're walking in the spirit amen God is calling this church to understand one thing folks I want you to hear me and I'm fixing to tell you something now when you come to a Ministry like this that's not a church we are not a church we are a headquarters of a national Ministry when you come here 99 won't do that's right you're either 100 with us or we bid you God's speed not that we don't love you not that we don't care

114 but we raising sons of God around here we're raising mature Sons around here hallelujah when people move here when people come here y'all are going to have to do something that's hard you're going to have to quit letting their departures affect you everyone that comes here God did not send them and I know you love them I love them don't ever think I don't but I'm at a place now where in my mind if you can leave you were never here you were never with us you were never part of what God is doing with us I have to know that in my heart it's not that we don't care we do care but we're trying to

115 build an army not a [Music] daycare when they come rejoice when they leave rejoice and know that God is building something bigger than most Minds can comprehend hallelujah hallelujah you know what's funny they call me a cult and I'm the only cult leader I know of that ain't trying to keep nobody right I mean I thought in a cult they wasn't letting you leave I'm begging people go go go go why because I want to know who's with me I want to know who's here I want to know who I can work with I want to know who the Eagles are Glory Hallelujah you've got to understand the Born Again process and

116 you'll never be guilty again ever next screen there is a part of you that is sinless before Yahweh notice this whosoever is born of God do not commit sin you're not going to be born of God until the resurrection and truly you will not commit sin in the resurrection okay for his seed right there that's the part of you that is sinless the seed it remains as long as it remains in you brother Von how do I know the seed is still there I'll tell you one more time when you sin how you feel about that sin proves whether the seed is still in there or whether it's not hallu when you

talk mean to someone

117 in this church and you didn't get pricked about it you ain't got no seed in you I didn't say if you talk mean to somebody you ain't got no seed in you I didn't say that I said if you don't get pricked you don't have no seed in you if you don't go home and lay your head down and that voice won't shut up in your head you still got the seed you're still sinless before God why because that seed is going to make you do something it's going to make you go to that brother and say I'm so sorry God saw you doing it before you did it and he went ahead and gave you credit for it in advance you didn't

118 hear me why are you sinless before God he knows the end from the beginning he already knows you're going to make it right because the seed in you can't help but go make it right so it forgave you anyhow if you cheat on your tithe the Lord's are to forgive you you know why cuz he knows you ain't going to be able to get through that week without digging again and saying here here I here sister he already knows the seeds in [Music] you you're going to pay them because you won't be able to sleep it gets really loud if the seed is in there if the seed is in there now what happens if you ignore that

119 seed it won't be long he'll take his flight you won't have to seed no more all of a sudden you will never feel the convicting power of the Lord when you get to that point you got to start all over again you got to go back to the water you got to get the spirit again because it has taken his flight next screen the Mortal seed versus The Immortal seed what is the The Immortal seed it's the living and abiding word of God all right let me show you whenever you heard my voice and you heard the word that was the sperm that came into your mind okay that was the sperm seed of the spirit my voice was

120 his seed when you heard this message it landed the father already knew it was going to land there he already prepared your mind for it to land there Hallelujah and when that seed landed in your spirit mind all of a sudden that became an immortal seed and that seed cannot sin Hall and as long as that seed is in that Spirit mind you cannot sin before God now what's the difference in the Mortal seed that's an Earthly father mortal seed even if planted through love can only beget Children of the flesh who are as mortal as their fathers by contrast Peter says let's read that the Believers were

121 begotten a second time through an immortal seed which is the word of God read for All Flesh is as grass and all the glory of man as the flower of grass the grass withereth and the flower thereof falleth away but the word of Yahweh endureth forever and this is the word which by the gospel is preached unto you see all flesh is grass what does that mean your physical seed that beget you by your father is going to the dust it's all going back to where it started when you die if there was an immortal seed planted in your spirit mind the Bible say your spirit will go back to God your mind is going

122 back to God for safekeeping that different listen you got two seeds mortal and Immortal as long as you're abiding in that Immortal seed and it's abiding in you what your mortal seed does is not dependent your salvation is not dependent upon the results of the Mortal seed it is dependent upon the effects of the immortal seed and as you begin to grow from conception to full birth here's what begins to happen every day the Mortal seed begins to grow The Immortal seed begins to die when it comes time for you to die if that Immortal seed has taken over that mortal seed then the Bible said if this

123 Same Spirit that was in Christ also dwells in you then he shall raise you up with that Immortal seed you need a different seed honey I said you need a word seed that only responds to the word of God I want us to prove to you if you've got a word seed or a mortal seed mortal seeds respond to negativity doubt confusion frustration a word seed the minute it hears somebody say but God is good that word seed comes alive in you and kicks out of you and

proves you've got the seed Hallelujah speech activates seed whatever you say will prove what seeds you've got our flesh returns to the dust our minds

124 that's been changed by the word returns to Yahweh waiting for our new house not made by hands and I'm going to talk to you about that new house let's go quickly I'm running out of time thank you Lord here's the question you have to ask every day am I a child of the flesh that my father begot and my mother birthed or am I the new creation man the child of the spirit that was begotten by the word every day you have to ask yourself that question am I what am I the child of the flesh or the child of the spirit read John 1:12-13 but as many as received him to them gave he power to become the

125 sons of Yahweh hold on now that verse just said none of you are sons of Yahweh you are children of Yahweh you are embryos amen of Yahweh not Sons amen mature you're not mature according to that as many as received the seed amen the Holy Spirit as many as have received the word he gave them the The Authority the word should be authority to become a son but the minute you get the seed sister Jan and I if I tell you you're a Son of God now and you don't act like a son tomorrow guilt kicks in see but if I tell you you're an embryo of the Lord and honey if you'll stay in Mama church if you'll stay

126 in the womb with the umbilical Court depending on the righteousness of Christ and not your righteousness if you'll stay right there it won't be long you'll have the power to become a Son of God come on now by faith in Christ we have the lawful right to become Born Again sons of God our begettal now listen our beatto it's going to get good your beetle is as good as your birth Holy Ghost as long as the the umbilical cord is connected to the vine I'm the vine and you are but as long as you're connected to the vine even though you're not born again yet you're only begotten you're as good as born

127 [Music] again even while you're growing still that's why Paul said beloved now we are the sons of God even though we're not but he calleth those things that are not as though they already are all Hallelujah so you can say you're born again by faith but not by real reality you're begotten in reality but the Bible said if you abide in him how do I know I'm abiding in Christ by walking in the chasing after spiritual things and even though you might fall in a fleshly thing it's what you get back up and Chase it's what you chase next holy ghost goodbye [Music] guilt Hallelujah whatever you're going

128 to be when you are born can already be claimed in your begotten State even though you do not yet know what you shall be see what does that mean I don't know what I shall be I'm G break it down for you we don't know what we shall be here's what that saying you don't look nothing now like you're going to look you're not yet walking I'll give you a scripture the Bible says that all things things are under Christ correct but Paul said as of yet we don't see all things but they are even though they're not they are under him even though they're not why we're just waiting on time to catch up with promise

129 that's all see when you understand that you don't know how do you not know what you shall be CU you're not it yet according to him once you're born of God you won't sin you know you don't look like that right now you don't know what you shall be but here's what he said this we do know Paul said this we do know whatever he is we shall be amen Hallelujah why because the seed life is in us hallelujah hallelujah you already are what you shall be even though you are not that's where the guilt has to go no that's where the guilt has to go why that line right there I know that when I'm born of God I

130 I want sin I know that now I'm afraid that even my thoughts are sinful sometimes so I don't quite look like what I'm going to look like but this I know as long as I'm abiding in him I'm already what I shall be bye-bye guilt goodbye guilt because it's at that moment you're free from the guilt and the shame next screen I'm running out of time your challenge is to see the two 's one

begotten by the flesh one by the spirit read quickly for me I think this is it I'll read it that which is begotten there's the word Gano of flesh is flesh now in this instance it should have been born now why is

131 that because this is neutral anytime if it's a male it's it's begotten if it's a woman it's born if it's neutral it depends on the context okay so that which is born of Flesh how many in this room we're born of Flesh it's already happened okay pinch yourself what are you you're still flesh but that which is born of the spirit is Spirit what's one thing you'll be able to do when you're Spirit born Nicodemus yua told Nicodemus you'll be like the wind you'll go wherever you want to go no walls can stop you no time no distance you'll be just like the wind you can travel at the speed of thought

132 that's when you're born of the spirit if anybody tells you they're born of the spirit tell them walk through that wall until you can you're not born of the spirit you're begotten of the spirit but not born because when you are born of the Spirit you can't sin that body you're coming up in will not sin because that mind don't like sin anyway and it'll work together perfectly see y'all are in a struggle now with a mind that don't like sin but a body that does that's your struggle that struggle is going to end brother Patrick in the new body and that body goes down the Bible said it goes down a

133 natural body comes up a spirit body that which is born of the spirit is when you come up out of the Grave you will no longer be Flesh and Blood you will be Spirit born that which is born of spirit is and nobody in here is spirit that means not one of you is born of spirit cuz if you were even your body wouldn't be sinning but right now you're begotten of spirit your mind's not sinning but your body still does and until you bring it under subjection day by day by day glory to God glory to God hallelujah every believer is a begotten child of God begotten of the father coming into the New

134 Covenant causes the seed of the father to be received by the Egg of the spirit mind that Union begins growth until the new man reaches full maturity at birth that's why we have so many abortions in the church because in their abnormality and in their imperfection we tell them they should look like they're born they're trying they love the Lord they wouldn't be here sure they they may have smoked another [Music] whatever and you're upset that they're not acting like they're born again it's because they're not it's because they are still in that struggle that Paul talked about they don't want

135 let them come because as they come this word is setting them [Applause] free that's why I tell people never quit going to church never I don't care if you're not even just maybe one service that anointed seed H will hear the word of the Lord H and you will rise up above your condition rise up so when they don't look developed we reach in and kill them with our words we commit abortions of yah's unborn children because we told them why are you not acting like I been Mom and Daddy's been in the church 70 years you really think anybody supposed to be like them but what if I'm expec in them to be

136 they know I they know I'm expecting it by the way I'm projecting back to them for how they're not lining up to where I am some of you in here know you don't have the faith you need you know why faith has developed over time yes sir God's got to do a few miracles for you for that faith faith gets developed faith is not overnight faith is over every fight everything you go through builds Faith until so what do we do Pastor until the new man is matured you have to depend on the umbilical court if you're not quite as righteous as Christ you've got to stay connected so you depend on his

137 righteousness that's right right Hallelujah and when the Devil Comes saying you didn't act like you was born again say no but he was he's the first born of the dead and he's in me so as long as he's in there I'm depending on him when people tell me I don't keep the Sabbath day

just right I said no but he did and as long as he's inside of me he'll teach me day by day by day by day right we got to understand our righteousness is in Christ however however thank you that umbel cord it feeds the child there is something coming to the child that he cannot get no other way when you begin to grow in

138 Mama Church there is a word that begins to be fed to you that causes the righteousness of the mother to begin to be fed to the child turning the child into the mother ain't nobody hearing me you can't say I'm depending on the righteousness of Christ if that righteousness is not flowing to you every day that's right that's right you can't go around screaming I'm the righteous no no no no no no no no no no no no no no in that umbal cord the father takes these big things and squeezes them through that umbilical cord into your mind until you start acting that way looking that way living that way

139 I'm not talking about this bad this junk I'm the righteousness of Christ while you live in like the world that ain't what I'm talking about but if that Holiness is permeating through your life uh that's the evidence that you're in Christ and Christ is in you shackled up talking about you the righteousness of Christ no no no you know why because that se that seventh commandment talks to you it talks to you it comes and talks to you we're connected to the vine whatever's in the vine comes to the branches hallelujah hallelujah he hates sin you'll know that you love God when you hate sin right I

140 didn't say when you quit sinning I said when you hate sin sin next screen Christ in you is the seed read it 1 Corinthians 4:15 I'm coming to a close now I want to teach you how to get rid of the guilt of not Measuring Up Hallelujah 1 Corinthians 4 chapter 15 listen to what Paul said for though ye have 10,000 instructors in Christ yet have ye have ye not many fathers for in Christ yua I have begotten you through the gospel all right I'm fixing to bust some devils in the head online right now that I know's watching I don't submit to a man God is my father God ain't never preach to nobody that's

141 right y'all didn't read the scripture y'all act like I'm talking out of my head what did Paul said you you can have a bunch of teachers but you can't have many fathers notice what he said he didn't say God begat you he said I begat you that's all by the word out of my mouth you were begotten into the church and when you messianics that's a mess and when the rest of you that wants to run from church to church running from a pastor that cares about your soul you want to run to another home group meeting and run from the authority that's been set in your life uh here's what you're running from

142 you're running from a father in the Lord that has begotten you with the word of Truth uh learn who your daddy [Music] is why has this modern Church turned everybody against men anointed men of God you you all want to go to a little group meeting where nobody's in control you want to share by the time they all get through sharing you got the biggest mess you ever seen well how do you feel about this scripture how do you feel by the time you get done with that mess you're gonna be so messed up you need a man of God that said this is what it means and we're going to stay founded on the word of

143 God hallu in the early church they honor their fathers in the Lord but nowadays we got a bunch of H H somebody got mad last time I said that word children they illegitimate running around you going to go start a church you can't even start your car hardly but you going to go start a church you need a father in the Lord somebody that's not afraid of you somebody that's not scared of you somebody that's not intimidated by you leaving the church uh you need a father Glory Paul said I begat You by my message sir he said when you heard my message I begat you with the sperm which was what I was

144 preaching that's rightor Amen on that hey that goes two ways when you allow negative people into your mind you're letting them sperm your mind too you just having a sperm party

everybody's shooting anything into your mind you want and whatever grows out of it you want to know what happened to you you need to know who is injecting you even in the Church of God I have begotten you yes sir Paul said I begat you with that message I was preaching it brought you to your heavenly father I planted you in mother church and he said I and then Paul he wrote some mean letters to his his people if you read

145 some of Paul's writings he you know what Paul said Paul said I'm going to give you'all two choices I'm writing you this letter I'm going to give you two choices straighten up or make me come to you y'all couldn't handle this church age cannot handle a real Pastor they they can't handle it oh you raised your voice to me what does a father do he tells you straighten up you're out of order you're out of line when God send you to first harvest he didn't send you to a child molester I'm a father not a molester I'm not here that you like me sit in my lap no I want to train you we want child

146 molesters that love us give you candy you you need somebody to give you a whooping that's what you need a whooping you need to get that Rebellion out of you everything out of you you need a man of God that ain't scared of you because in doing so we're going to perfect you and bring you into the resurrection and you'll turn around and say thank you Pastor thank you uh thank you uh it was worth every trial it was worth it all Hallelujah Paul said I begat you in the gospel I'm your father Luke I'm your father you've got to understand God is trying to implant something in you he's trying to

147 implant the truth and it'll set you free he calls that new creation did did we read that yeah Colossians 1:27 did you read it nope I got it to whom Yahweh would make known what is the riches of the glory of this mystery among the Gentiles which is Christ in you the hope of the glory that's your hope right there it's not Christ outside of you but there's Christ in you and he that is born of God that's yua he's the only born again son there is that that man can cannot sin and if he's in you you can't sin goodbye guilt next screen I want to get through this quickly the two 's Hallelujah the first

148 you is the old man he tells us he's bringing down that old man under subjection Paul said I bring it under subjection daily but until I do until I bring it he's already identifying as the new man it's time for the whole church to become transgendered it's time to find out how you identify with that old man or with that new man it's time for you to identify with the man that can't sin or the man that does sin you've got to make up your mind who you identify with H what's your pronoun [Music] sinless yeah but I'm looking at you and you sinning I identify as [Applause] [Music] sinless Glory my

149 God if they can do it I can do it that's right Paul said I'm identifying with the new man read quickly I got to go I got to get out of here go come on quick oh my God the law of sunship Lord have mercy all right I I'll do it quick your first identity was forced on you it's by the will of the flesh there's a story here we're not going to read it I'm running out of time it's called The Law of sunship and it says these words read what it says we got to do this fast they got they ready to go eat I can tell Deuteronomy 25 5-6 this is the law of sunship remember every new testament Doctrine has to

150 go back to Torah read if if Brethren dwell together and one of them die and have no child the wife of the Dead shall not marry with without unto a stranger her husband's brother shall go in unto her and take her to him to wife and perform the duty of a husband's brother unto her all right here's what that law says if you were to die Kyle would have to come and give her a child okay that was the law of sunship okay Hallelujah it's in the it's in the Torah Hallelujah W W Hallelujah brother Patrick if you died your brother would have to give Shelby a child if y'all hadn't had one that's the law

151 of sunship okay you could could not go outside it had to be the nearest relative that would

raise up a son do you know why that is because only a near relative would be willing to give up that son and not claim the child okay very important Ruth was childless when her husband died Boaz wanted to marry her but they said no why because her husband had a brother that gets first dibs and that brother decided he didn't want her he probably had a wife like I had he said she said that ain't happening so he said I can't do it all right you ain't getting no that ain't happening right come on y'all that

152 ain't happening right in other words the brother probably had a wife that said no no no no all right so what did that do that opened the door for Boaz to marry Ruth he was kin to her he was a close relative they had a child read Ruth 4:17 her and her brother's Kinsman had a child read and the woman her neighbor gave it a name saying there is a son born to Naomi and they call his name wait a minute there's a son born to who Naomi Naomi but that's Ruth shout why is this a son of Naomi because Naomi's son died wow this son is replacing the son that she lost according to the law of sunship all

153 right now next screen I'm going to show you what all this means hang tight biologically speaking the baby's name was OED and he was the son of Boaz and Ruth but legally not biologically not how you was born but how the law sees you come on now oh Shai oh legally speaking OED become the son of Naomi and ALC imc's the boy that died all right the difference between biological and legal signs in Torah is very important because under the New Covenant we live under this this law of sunship yua died childless okay Hallelujah read for me Isaiah 53 and 10 yet it pleased Yahweh to bruise him he hath put

154 him to grief when thou shalt make his soul an offering for sin he shall see his seed he shall prolong his days and the pleasure of Yahweh shall prosper in his hands I'm confused yua would see his seed he didn't have no seed on he died childless hold on now yua died and Isaiah said he would one day see his seed Hebrews 2 and 11 watch this Hallelujah for yua to get children the only ones that can give it to him is his legal Brothers read Hebrews 2:1 for both he that sanctifieth and they who are Sanctified are all of one for which cause he is not ashamed to call them Brethren he calls us what

155 Brethren so we are the brothers of yua he died childless but he has a prophecy he would see his seed okay all right we are his brothers you understand we are called to raise up under Christ Christ a firstborn son or a first harvest a first fruit we are called to raise up to him his sons and the funny thing about it allegorically we are the brothers and the mothers that is raising up the other sons of [Music] yua and he will assume the name of his dead brother this son will carry the name yua Yahweh is our Salvation that his name may not be blotted out of Israel next screen I want to show you

156 how this works quickly under the New Covenant yua considers us to be his brethren we are called to bring forth Christ in us as a joint air for Christ ah now you might see why you've got the seed of God so that we can raise up the seed the father plants the seed in your spirit mind and then you will allow Christ to be born in you you will raise him up I said you will raise up him in you in the church the mother even though we as the church are the biological mother of this thing that's growing this holy child yua he is legally not ours he's the son of Yahweh legally this son is destined to

157 inherit Yu's estate as the firstborn son just like yua remember the law is spiritual we must recognize legal sons and I want to say this to all of you you were born biologically the son of your father but legally you are called the sons of God God is Raising you up as the sons of God next screen quickly oh I'm not going to get on the law of garments let's stop there tonight go back oh that gets good right there go back hallelujah hallelujah hallelujah part four is coming hallelujah praise the Lord let's give Yahweh a clap offering tonight for his word hallelujah hallelujah glory to godu glory
