The Texas Education Agency analyzed district data for the 2021-22 school year and combined the overall measures into a letter grade for each campus and district in the state of Texas. The overall scores are evaluated based on three different criteria: achievement, school progress, and closing the gap. Definitions and the scores for ASCISD are listed below:

Achievement

ASCISD Elementary The score is calculated 100% from STAAR scores.	91%- A
ASCISD Secondary The score is 40% achievement scores, 40% from college, career or military readiness, and 20% on graduation rates.	92%= A
ASCISD District	92%=A

School Progress

School Progress measures district and campus outcomes in two areas: the students that grew at least one year academically (or are on track) as measured by STAAR results and the achievement of all students relative to districts or campuses with similar economically disadvantaged percentages.

ASCISD Elementary	91%= A
ASCISD Secondary	82%= B
ASCISD District	90%=A

Closing the Gap

Closing the Gaps uses disaggregated data to demonstrate differentials among racial/ethnic groups, socioeconomic backgrounds and other factors. The indicators included in this domain, as well as the domain's construction, align the state accountability system with the Every Student Succeeds Act (ESSA).

ASCISD Elementary	100%= A
ASCISD Secondary	100%= A
