

Agenda

BVSD Title IX Advisory Council: Informational Meeting

May 27th, 5-7pm

Purpose:

The purpose of the meeting is to provide information about the newly formed BVSD Title IX Advisory Council. Meeting topics will include: Title IX law, students and parents rights, sexual violence data, the impact of culture on students and their learning environment, possible solutions, Council goals, and current work underway in the District.

The Community's interest in Council membership will be gathered through an interest form at the end of the meeting.

11. **Conclusion:**
Kathleen Sullivan, Legal Counsel, Title IX Coordinator, BVSD
 - a. Resources Available
 - b. Chat Questions
 - c. Council Membership Interest - [Participant Application](#)

BVSD Title IX Advisory Council

Description

Updated March 23, 2021

This is a new initiative, and expected to evolve. This document will be updated regularly.

Purpose

Ending sexual harassment and violence and equipping students with the knowledge and awareness necessary to do so requires collective action. In order to develop systems and programs that meet the needs of students, BVSD establishes a Title IX Advisory Council with the specific purpose of elevating student voice.

Through equitable representation, BVSD's Title IX Advisory Council reviews and make recommendations to the School District's Title IX Compliance Officer(s) and BVSD staff regarding the School District's policies, procedures, and initiatives addressing sexual violence and harassment. This includes:

- Identifying best practices for addressing sexual misconduct, including establishing a healing-centered approach for people who have experienced sexual harassment or sexual violence
- Providing input on the District's policies and procedures that address sexual violence
- Identifying the needs, issues, and climates of school campuses and technology platforms with regards to issues of sexual violence
- Reviewing programming, training opportunities, and educational materials regarding sexual misconduct to be made available to schools, staff, students, and the community
- Raising awareness about ongoing efforts to reduce sexual violence

The committee will not have responsibility for, or involvement in, investigation or resolution of specific cases or day-to-day District operations.

Composition

The Council will include BVSD staff, parents, students, and community partners. As part of BVSD's commitment to equity, the Council must include members from marginalized communities and those who have been impacted by sexual violence and harassment. Members may be self-selected or recruited. It is anticipated that the Council will have 15-35 members, depending on interest.

Meeting Schedule

Monthly

Mission Statement:

(Subject to change as the Council and work evolves)

Build strength, knowledge and action through the lens of a healing-centered approach to reach safety, wellness and collective healing for all and establishment of school cultures that foster respect and dignity to all students.
