Questions/Open Forum

How will funding (or losing funding) impact students, especially students with IEPs and 504s?

- **Support is not clear. We can't control what we can't see, so we're waiting to see how it works out. Loss of Title 1 money will likely impact students in the next few years.**
- **Funding is tight in the district and will likely continue over the next few years. We'll need to be intentional around planning.**

Transparency around funding shortfalls around the district.

- **The difference between bond money and operational money.**

Will we see what funding looks like in the future as things change?

- **We will continue to keep an open discussion around the fiscal health of the building.**

Will there be a limit of how many family members can attend 5th grade graduation?

- **Yes, there will be a limit. I'm not sure what that limit will be, but with a limit of 2 the gym was packed.**
