

Geometry - Chapter 9 Test Correction - Retake Form

Name: _____ **Period:** _____ **Date:** _____

For each missed problem on the Chapter 9 Test, complete the corrections below. Corrections for each missed test problem must be completed along with completing each of the IXL sections to 80 listed at the top of this form, and completing all 5 of the 9.2, 9.5, and 9.7 Skills Trainer sections to 8/10 or better before you can retake the test for full credit potential. The purpose of this procedure is to allow each learner to build and grow knowledge for mistakes made. The learning of the content for the chapter is the essential component in this process.

Retake = Completed Corrections + IXL Sections to 80 + Skills Trainers to 8/10 or better

The problem(s) that I struggled with the most was/were:

Identify the chapter section and reference the instructional page number for each missed problem. Correct each missed problem. Write a two or three sentence explanation for why you made your mistake on the test, and what you needed to do to correct your learning.
