

Medium Digital Portfolio Fact Sheet

[Link to example medium page](#)

1. Go to File ---> Make a copy ---> so you can type on this document
2. Watch this video to hear and see a definition for the art term “medium.” [Link](#)
3. What is your definition for medium? (type answer here)
4. On your digital portfolio create a medium page for the new medium you are using in class. Your first medium will be graphite.
5. Create an “About” section. In this section include a picture of the medium you are using in class. Along with a description of the media being used.
6. Create a “Vocabulary” section. Include at least 4 vocabulary words and definitions you have learned during the introduction to the medium you are learning about.
7. Create a “Research” section. This section needs to be about one of the following aspects of the medium you are learning about:
 - inspiring artist
 - artistic style
 - informative
 - tutorial

Search YouTube for a video that falls under one of these categories and post it in this section.

8. Include a brief description about the video you post. Some things you can write about are:
 - who the artist is
 - what you learned
 - what you liked
 - what you would like to try in the future
