

DJTiki DEATH BATTLE! Intro Commission Template

Go to File > Make a Copy, then make your edits and put in your information from there. Be sure it's shareable when you send it to me. Only checkmark what is relevant for your purchase. Don't check mark what you *might* get. Delete everything above the === line before sending please.

Note that I will NOT accept commissions in any other form besides a Google Doc sheet. Will not take screenshots, discord images, or external third-party links. Feel free to add additional notes, lines, etc. for me to get a clear picture of your vision. Make sure your Share permissions allow me to view the file.

- **Unmodified intro** = [no custom background, no custom animation, closest to DB Season 7 - 9's aesthetic](#)
- **Slightly modified intro** = [small color & tint changes + additional assets, no custom animation](#)
- **CUSTOM intro** = [two custom backgrounds, custom animation in accordance to the characters chosen](#)
- **"Multi-stage" intro** = [change / transition of renders during their introduction. One transition = one additional "stage" to the intro](#)
