About Us

Know more about us!

Monk Travel Tech was established way back in 2018 with the ultimate aim of easing things up for travelers.

Under the leadership of Mr. Kuldeep and his visionary ideas, team Monk Travel Tech has been working day in and day out to make travel bookings convenient and cost-savvy for travelers.

A TTA-certified company, we prioritize the comfort and budget of our clients. We believe that traveling is not just about moving from point A to point B.

Rather, it is about creating cherishable memories for your entire lifetime.

Our premier flight and tour package company excels in curating exceptional travel experiences for all our customers.

Just like any other business, we, too, have our fair share of ups and downs.

COVID was the bleakest time that team Monk Travel Tech has ever faced. The global travel and tourism industry crashed, and how!

However, just like every cloud has a silver lining, we, too, found our reason to rejoice amidst the fatal pandemic.

Our entire team came together in solidarity, much stronger and more determined than ever before!

We took this testing time as a lesson, and the moment the world opened up, team Monk Travel Tech jumped onto implementing what it had learned.

Our constant endeavors and never-say-die attitude make us one of the best flight and tour package booking companies. We have managed to be the top pick of our customers- thanks to our hardworking team of travel experts and loyal customer base!

Our Vision

We dream of creating one platform that can cater to the travel needs of every person out there, irrespective of geographic barriers. From flight booking to tour package, from accommodations to itinerary, we wish to serve you as the one-stop shop for all your travel expectations.
