

## Team Discussion Meeting Overview

### 1. Review the assigned Case Scenarios

Prior to your Team Discussion meeting, Team members will divide **assigned** (see below) Case Scenarios (Sush & Najdowski, 2022) from the relevant chapter for that meeting (see Schedule). Each Team member will complete the following Case Review Worksheet to share and guide discussion at the meeting, for **each** of their assigned Case Scenarios. Bring this with you to the Meeting to discuss.

Applicable Ethics Code(s)				
Rationale for Chosen Code(s):				
Code Violation?	Yes	No	Need More Information	If Situation Continues

### 2. Share your Case Scenario Reviews with your Team

At the Team Meeting, each member will share their assigned Case Scenarios and their Review (chart above) with the Team.

### 3. Together Team members will respond to the following questions:

1. Do you agree with the Code(s) as identified by your colleague? Are there others that you would add?
2. If this is a Code violation, what is the ethical course of action?
3. What, if anything, could have been done to prevent this situation?
4. Complete the Discussion Question(s) for each scenario (from Sush & Najdowski, 2022). Note, if no Discussion Questions are included with the assigned Case Scenario, this may be skipped.

### Deliverable
