RP-Preferred Player List

Disclaimer: This is not a petition, nor a place for debate. This is not a place to argue or try to sway others to your side. This is a list of people who will opt for RP combat whenever they have the choice of doing so, now that this change has been implemented. Any discussion, by either side, will be flagged for removal.

This is simply a list, to be used by fellow RP-fighters so that they can seek out other players to partake in fun rp fights with.
