

HOW TO SET UP YOUR CHILD'S JOG-A-THON PAGE

1. Visit <https://jogathon2022.givesmart.com> or scan the QR code at the bottom of this page. Our fundraising site is user-friendly and intuitive to use; however, below are step-by-step instructions just to make sure it's super easy!
2. In the top right, 'Sign In or Register' for the first time to the site as the parent/guardian.
3. Click the button that says 'Become a Champion'.
4. Add your Account Information to set up your student's individual fundraising page.
5. **For the Page Name, please use your student's first name and last initial, teacher's name, and grade. Here is an example: John D._Chiaro_grade 1. This is *IMPORTANT* as it helps us group students by class so they can win fun prizes!**
6. Enter a fundraising goal. Any goal will do!
7. Click 'Create Champion page'.
8. Choose 'Go to Fundraising Page' to see your student's new Jog-A-Thon webpage.
9. At the top right, choose the 'Edit Fundraising Page' button.
10. On the left side of the page, you will see options to personalize your student's page.
11. Add a photo of them running, walking or just smiling!
12. Share a story or personal note to friends and family about the fundraiser in the **Edit Content** section. Hit the **Update Section** button to save.
13. Have fun!

How do I sign up multiple students in one family?

If you have multiple children to register, you need to register and log-in with a separate account for each child and provide unique phone numbers. If you have any difficulty adding separate accounts, please email Jennifer or Natasha at jogathon@tpesfoundation.org, and we will set up your children's accounts for you. Please send us each child's name, grade, teacher's name and their fundraising goal.

How do I send donation requests to family and friends online?

After you personalize your page, click on the Twitter, Facebook, email, or LinkedIn buttons to share your child's Champion page link with friends, family, neighbors or anyone interested in supporting our school.

How many laps do the kids run?

Depends on how fast your child is. In years past, the kids ran an average of 38 laps (ranging from 22 to a few speedy ones who did 90!). We will not be counting the laps for donations this year, instead we will collect fixed donation amounts on the students' web pages, but the kids can still have fun with running, jogging or walking as much as they would like this year!

Questions? Email Natasha Davison or Jennifer Fiorentino at jogathon@tpesfoundation.org.
