

Hello, all.

We regret to announce that two of our chapters, Beta Chapter at San Diego State University and Iota Chapter at State University of New York at Albany, have gone inactive. Both of these chapters have had a significant impact on our organization - we wouldn't be who we are today without members from these chapters.

Iota Chapter is available for re-founding starting Spring 2019, and Beta Chapter will be available for re-founding starting Fall 2020. We sincerely hope to see chapters on these campuses once again. If you're interested in learning more about re-founding, please contact Mariah Moore, our VP of Expansion, at expansion@gammarholambda.org. If you have specific questions, please contact our VPs of Collegians, Lauren Ferguson and Shannon Flint, at collegians@gammarholambda.org.
