

My previous outreach didn't trigger their pain and desire to make sense of the specific things I like in their videos. Additionally, I didn't personalise my messages to them; I didn't write their names in DMs/emails.

Hey, the quality of your IG posts is quite impressive. I have an idea that can boost your followers and make your posts go viral. Consider using high-quality images to attract the audience, as your competitors are already doing and achieving amazing results. Now is the time to leave everyone wondering and outshine your biggest opponents.

Don't just pique curiosity; avoid writing unanswered questions that leave them searching for answers and messaging you back. Instead, present your ideas inspired by top players.

---

### **New Method after watching levels 1-3:**

Hey Ryan, I like your talking style. I appreciate it. I found you on instagram, Dm you because I noticed you don't use three trending editing styles, including eye-catching subtitles. This is why your reels do not go viral. I edit your content using three trending effects. If you want to see, let me know.

The new outreach tactic involves giving specific comments, sharing a few new strategies, answering only one question, and prompting them to find the answer. If they can't find the answer, they message them back. Also, end with a risk-free sentence so they feel they have nothing to lose.
