Обладнання: наочний матеріал, роздатковий матеріал.

ХІД УРОКУ

I 1. Greeting: Morning, students! I am glad to see you again. That`s fine that all of you are present at this lesson because today we`ll speak about music.

“Music makes our life brighter
and happier.”

2. Warming-up:

T: I`d like to start our conversation unusually. I ask you to sit down comfortable on your seats, relax yourselves and only listen... (“My heart will go on “ by Celine Dion).

T: Isn`t it fantastic to listen to these magical sounds? I`m sure all of you have some emotions and feelings in your hearts after listening to this beautiful song. By the way, curative qualities of music were known long ago. For example:

«Music is submitted to Mathematics. It makes harmony in human`s body”.(Pythagoras)

« Music cures a lot of diseases, for example, sleeplessness and epilepsy»
(Hippocrates)

T: How do you understand the word “music” ?

How does it influence your emotional state, feelings?

Do you find music curative like these prominent people did?

Share your opinions:

P1: I think music ...

P2: To my mind ...

P3: I suppose...

P4: My opinion is...

3. Theme and aim of the lesson :

T: We'll speak about music today, about different types of music and modern styles in it, about your favorite singers, bands and songs. You'll listen to the biography of a very famous singer whose name you know, I'm sure.

4. Brain storming
