

PAUSE:

Planning For Our Future

An hour-long stakeholder session with optional write-up

Is your organization ready to create a new plan for its future?

Before you run with scissors, take a collective pause. Make sure your stakeholders are ready to start from the same place.

This workshop provides you with the opportunity to show members that you care and want to remain their “go to” resource. It also gives you a better understanding of how to remain relevant post-pandemic.

After the event, your organization could elect to receive a brief write-up that summarizes how participants rate your collateral (perspective collected during the program). Consider using it as a baseline to evaluate what to keep doing, what to cut, and what you need to adjust or add.
