

Fannin County Fire Rescue and EMS

Emergency Medical Services Education Program

Check-off topics for the first day of Class

1. Syllabi with Signature Sheets
2. Student Expectations pages 8-9 on syllabus
3. Program Expectations pages (7), 9-13 on syllabus
4. Communications page 10 syllabus
5. Clinical Requirements: At least 72 hours Hospital and 72 EMS hours for EMT, at least 96 hours Hospital and 96 hours EMS for AEMT (**24 of EMS hours will be Capstone hours**) providing all your required skills are met, and for Paramedic at least 192 hours Hospital and 360 hours EMS (**120 pf EMS hours will be Capstone hours**). You may have to do more to satisfy the requirements of the program.
6. Clinical Paperwork (for prehospital) To be done completely on GEMSA LMS system, Pertinent information and any skill or Medication also to be done on Platinum Planner to ensure credit is given for those things you do. (NOTE)... Copy and paste your narrative to save time. **All paperwork and required documentation is to be uploaded into the system no later than 24 hours at the completion of your clinical shift. Late assignments will result in a reduction in your clinical grade for the day. Example late over 24 hours will be 70 for your grade and later than 48 hours will result in the clinical being voided, no time or skills credit given, and you will be required to redo the**
