Sl st= slip st

Sc= single crochet

Dc= double crochet

Fpdc=front post double crochet

Bpdc= back post double crochet

Trbl= treble

Fptrbl= front post treble

[Stitch instructions here](#)

**Introduction:** Hat pattern is worked over 3 rows.

The set up row, the pattern stitch row, the completion row

Special stitch= 4 fptrbl's worked around the 2nd dc of the skipped dc of the row below

The stitch count for the pattern is over 6 st's and repeated around

To begin complete the [basic dc crown](#) for the size you want, the beginning ch 3 is counted as a stitch

**Pattern rows:**

**Row 1:** ch 3, work 1 dc in next dc, ch4, skip next 4 dc, \*work 1 dc into each of the next 2 dc, ch 4, skip next 4 dc,\* repeat from \*to\* to end, sl st into top of beginning ch 3 to join round

**Row 2:** ch 3, work 1 dc in next dc, work 4 fptrbl's around the 2<sup>nd</sup> skipped dc

of the row below, \*working back on this row, work 1 dc into each of the next 2 dc, work 4 fptrbl's in the 2<sup>nd</sup> skipped dc of the row below,\* repeat from \*to\* to end, sl st into top of beginning ch 3 to join round

**Row 3:** ch 3, work 1 dc in each stitch around, sl st into top of beginning ch 3 to join round, please count your dc's, you should have the same amount of dc's as you did before you began the pattern rows

For both small and medium to large size hat, repeat pattern 3 more times (4 times in all, 12 rows in total)

Height with out the hat edge, slightly stretched, is approx 8 inches high

**Begin hat edge:** the beginning ch 3 will not be counted as a st

**Row 1:** ch 3, work a fpdc around same st, work a bpdc around next dc, \*work a fpdc around the next dc, work a bpdc around the next dc,\* repeat from \*to\* to end, making sure to end with a bpdc, sl st into top of beginning ch 3 to join round

**Row 2:** ch 3, \*work a fpdc around the fpdc, work a bpdc around the bpdc\* repeat from \*to\* to end, sl st into top of ch 3 to join round

Your hat, (slightly stretched) should now be approx 9 inches in height, you can finish off here or repeat row 2 of hat edge for a higher hat height

The pattern stitch can be worked into any hat that is devisable by 6 dc, such as 12, 24, 36, 48 and so on.

Please do not sell my pattern or claim it as your own. You can make and sell items from my hat pattern, I would be most pleased if this pattern was used for a charitable event. I would love to see your completed items.
