Intro

I'm a freelance digital animator. You can call me "**+Bestia**" (or "**+Beast**" nevermind). I'll be selling customizable 2D animated loops.

I'm **Full-Time** on this. Your inquiry is welcome.

In short,

- Write to me at **000plusbestia000@gmail.com**, or find my on Discord as **lean.lean.lean4499**
- Attach a Gif/Video (or image),
- Specify which characters you want on scene,
- And I'll reply to you shortly with a sketch and possible prices.
(your inquiry doesn't mean commitment and the sketch is free)
- The final product could be finished in 10 to 20 days depending on the complexity of the project.

(But if you want to know how I configure the prices, I invite you to read carefully the following sections).

Option 1 - Scroll pack: Intro pic + 6 Gifs + Outro pic

Example 1 ([light skin tone](#)) 2 ([dark skin tone](#))

Set up your scene following these prices:

- Basic **USD 75 >>>** One Main character (dancing, walking, fingering, self groping)
- + **USD 20 >>>** for each dildo, disembodied penis or any other toy/object
- + **USD 25 >>>** for each generic faceless male/female
- + **USD 35 >>>** for each specific male character
- + **USD 50 >>>** for each specific female character
- + **USD 70 >>>** for each Futa or female with strapon
- + **USD 30 >>>** for each extra small panel, like face focus, zoom-in on the penetration zone, x-ray vision, etc (1/8 of the screen maximum).
- + **USD 10 >>>** vaginal or anal alt
- + **USD 25 >>>** Hair Look/Outfit alt for the main character.

A **discount of 20%** will be applied if it is an animation already published in my media.

Option 2 - Just one single GIF (no variants, no intro & outro pic)

Same as option 1 but with a **10% discount**

Payment:

PayPal. Through an invoice issued by said platform. I sent the link via email.

If you don't have a Paypal account, or you can't use it, write to me and I'll prepare a payment link via **Gumroad**. That way you can pay with your **credit card** or **echeck** without having a Paypal account.

File Properties:

- Format: GIF (Graphics Interchange Format);
- Image Resolution: 1366 x 768
- Photogram-range: 6 (in some cases, busted with AI frames interpolation)

A few parameters:

- You can choose any adult fictional human look character from comics, manga, anime, video games, series or movies.
- I don't draw Shota/Loli stuff.
- If you choose a teenager character I'll have to modify her height in order to make her look more mature.
- With the mentioned exception, I'll be working by default with the canonical body proportion of your selected character. If instead you prefer a version with less or bigger ass or tits you'll have to specify it on your email.
- Milfs and Grannies?: I can do an aged version of a character of your choice. Yes.
- Real People? Celebrities? "Musicians"? Influencers?: I can do parodies but not an accurate representation. Just don't ask me to draw Politicians.
- Yaoi, Futa?: it's not my specialty and i can't guarantee the final result. If you're ok with that I can accept the job.

- Furry, Anthro, Monsters?: it's not my specialty and I can't guarantee the final result. If you're ok with that I can accept the job.
- Extreme & Hardcore content? Rough stuff, Yes, but I don't draw violence or brutal beatings.
- Scats? No
- I don't draw bruises, blood or any injury in general. For the same reason I don't draw Necro stuff.
- Use of guns and weapons? Not at all.
- BDSM (Bondage. Domination. Sumision. Masochism)? Yes.
- **Background? No**
- Text? Yes, just send me the script.
- **Sound? No**

Total discretion, I'll ONLY share it on my media if the client allow it.
