Hello, my name is Steve. We are having a busy day today, because my family and I are doing many chores. Luckily, everyone is helping each other and sharing the work.

I have just given a short break to have a cup of tea and rest. I have helped my mum with the laundry and taken out the rubbish so far. I have also tidied my room and placed all my books on the bookshelves. I have fed our cat, Miski but I have not washed him yet because there isn't any shampoo left. I need to go to supermarket and buy some.

My father Henry is working in the garden now. He has wiped all the windows and mowed the lawn. He has washed our car and planted new red roses into the pots but he hasn't watered them. My mum, Julie has vacuumed the floor, done the laundry and cooked lunch for us. She hasn't washed the dishes yet. I think she will do it later today. My sisters, Shirley and Diane have dusted all the furniture and mopped the floor.

I love helping my family with the household chores and I'm glad that there is a perfect cooperation between all the family members.
