Email Subject: Introduction to BuildZoom

Email Body:

(Franchisee or Client Name),

I want to introduce you to Rory O'Driscoll with BuildZoom. Rory's Team would like to discuss your future plans for your upcoming **(Brand Name)** build out(s).

BuildZoom is a valuable resource when it comes to finding a general contractor and conducting your buildout. For a fee, they do a lot of the heavy lifting for you. Among the many tasks they complete in the pre-construction process, some of the main highlights include:

- They source architects/contractors in your area
- Get quotes from contractors
- Review contract terms and bid pricing to help you complete your buildout on-time and under budget
- Please see their [Home Page](#) for more information

BuildZoom has a client portal where you can monitor the pre-construction progress. There's a centralized spot for all communication, and they help everyone stay updated and on the same page.

BuildZoom handles the most frustrating parts of the buildout process, ensuring everything runs smoothly. They have a vast network of general contractors and construction prices to make sure you're getting fair quotes.
