

Background

Nonviolence International invites people and communities around the world to remember and renounce the horrors of occupation, war, and genocidal attacks in Palestine/Israel on **October 6, 7, 8, 2024** by **wearing a black cloth/ribbon/arm-band** well as organizing community vigils, walks, and humanitarian efforts.

October 6th, We will remember, grieve, and decry the decades of mistreatment and suffering endured by the palestinian people as a result of Israeli policies. From this space, let us reconnect to our unwavering call for justice and peace for all the peoples of the land.

October 7th, We will remember, grieve, and decry the violent hamas attacks that claimed the lives of over 1,000 israelis in a single

day, the taking of the hostages, and the onset of war. United in grief, united in hope, we come together to honor those who paid the highest price.

October 8th, We will remember, grieve, and decry Israel's ongoing attacks on Gaza which have killed over 40,000 Palestinians, the ongoing loss, suffering, and displacement across Palestine and Israel. Let us work for the collective liberation of all between the river and the sea.
