

H.I.R.E.D! Career Coaching Index

This index acts more as a directing guide for what you may need. If you click on these links, it will take you to a “Table of Contents” for each of the folders that are housed and updated in the shared drive. If there are bullets under a certain section, these are linked to subfolders you may want to access. There, you are able to access every single document that has been created to help you be successful. If there are questions, make sure that you reach out to the director or your fellow coaches.
