## ***Turnaround and Process***

I will by default give a turnaround estimate along with your quoted price.

If we go forward and the purchase is confirmed, the next milestone is the first progress check. This is a sketch that I will modify in any way the commissioner may request, and once this stage is cleared by the commissioner, I will fully render it. I will not give refunds after this stage. Small changes may be made after completion.

## ***Terms of Service***

When you purchase artwork from me, you are agreeing to the terms below.

I reserve the right to deny or accept business from anyone for any reason.

I will not refund completed pieces due to time and work spent creating them, however I will refund fully if the request is made on or before the first progress check of the piece.

The completed piece may be put to any personal use by the commissioner, as long as credit is linked back to me.

Do not use my art for NFTs and do not alter my art with AI.
