

SHORT STORY OF NOISY CAMLOT

THE DRAGON BUTLER.

As the stars started to shine and the small night critters starts to come out. In a short distance away from the manor, you can hear metal clashing to one another. From afar you can see the manor's butler fighting off a group of intruders with his rapier. Despite the dire situation, you stayed calm and enjoy the show as the butler fight off the intruders with ease and elegance.

After the fight, the butler then discard the bodies with his dragon flames to ease the cleaning process. You then came up to the butler where slowly in the light of the moon you can see more of his splendid features, horns and tail similarly to that of a dragon, hair as white as snow and eyes as green as the forest leaves. The butler then notice you and bow to you with an elegant smile, "Greetings my mistress, what do I deserve to see your present in this lovely night?"he say with humbleness. "State your name my dear dragonic butler." You say with a huff. "My name is Noisy Camlot and I came from the dragonic Camlot clan. I am now your butler assign by your father to care and entertain for my mistress." Noisy says with elegance in his voice.

He then looks at you with a stoic smile,"And may I ask why a lovely maiden like you is out of the comfort of the manor, M'lady Terberri?." he asked as he crossed his arms and looks at you disappointed. "Its uncanny for my lady to be out at the dead of night in her nightgown and have no proper protection." he bows to you and guides you back into the manor as he takes off his coat and puts it around your bare shoulders. "Come M'lady, I will make you a cup of warm milk tea and you have to go back to sleep." he said with a stoic smile and guides you back to your room. "I am not a child!...but can I have more sugar in my milk tea?" you say frustrated and with a huff as he treats you like a child.

He looks at you with a chuckle, "I would incline to say yes but its late M'lady so no sugar before bed." he said still chuckling. You look at him with a pout and walks faster than him back to your room, "I am not a child!." You mumble to yourself. Noisy then keep up with your pace with ease. "Now now M'lady, don't fret as I am only following orders from your father." He said with a teasing smile.

The walk back to the manor was long and silent, the silent was unbearable to you. As you about to say something to break the silence, he held his hand in front of you to stop you from walking further making you to look at him confused. "Why are we stop-" he cut your questioning off. "Seems like there were more pests lurking around the manor M'lady....please stand behind me." He said with a scowl painted on his face as he conjured up his flames and came out his signature weapon, a rapier. You stayed near his backside as enemies came out from the shadows, fully armed and deadly. Noisy immediately use his flames to make a barrier around you to keep you safe. "Please stay in the barrier M'lady, cant have you injured or stain in blood now or else the lord will have my head." He said with a determined look as he focus on the intruders.

The leader of the intruders then mocked him, "HAH! To think we found a jackpot men! A rare dragonic and the princess of the solaris household right for the taking! Charge fort men! We will get a great sum of money from them both especially the dragonic's scales!" The leader exclaim in arrogance as he and his men attacks you two in full force. This made you flinched in fear but it didn't deter Noisy's spirit as he calmly walk towards the first set of intruders and immediately dodge and parried their attacks with ease and elegance. Noisy checks his pocket watch as he fight and remains stoic. "As much as I want to extend our fight but M'lady has a tight schedule and needs her beauty sleep before meeting her fiance tomorrow...so lets make haste and have a less messy fight." Noisy said with a calm voice as he kill 3 of the intruders with ease. The sight struck fear at the remaining of the intruders but it was not enough to deter the leader. "I call bullshit! Men surround that useless dragonic and get the Solaris's princess! Now!" the leader yell in frustrations.

The remaining intruders surrounded and outnumbered you two making escape to be impossible in your mind. However, Noisy remains calm despite being outnumbered. As the intruders about to get close to you both, Noisy immediately hold out the rapier turning it into flames once more. Noisy then softly chanted a spell as the flames turns into a magic circle and he then points at the intruders in front of him including the leader, "**INCINERATE!.**" Noisy coldly yells out causing the intruders to feel their insides burning as they exploded. You slowly feel your ears ringing as you hear the burning intruders screams in agony as their organs goes flying around you. The screams was so unbearable for you to hear causing you to cover your ears and eyes in fear.

As Noisy finished up the rest of the remaining surviving intruders, he then gather all the scatter dead intruders' hearts with his remaining use of magic and immediately savor the hearts with delight. "Now that hits the spot~." Noisy says with delight before remembering that you were still in the barrier of flames. "Uh....pardon my improper behavior M'lady." he said with a flustered look of over-indulging in eating the hearts as he release the barrier away with a slight gesture of his hand. You look at him with tears as you were slightly tremble in fright before you tearfully hits him on the chest. "A WARNING WILL BE GREAT YOU KNOW?!" You said as you shaking in fear due to the brutal scene around you both.

Noisy nervously scratch his face in guilt as he knew deep down it was improper for him to go all out with you nearby. "I am deeply apologize M'lady but a situation had forced my hand to be haste or else we will be late...or worst, we get kidnap and those intruders will do unimaginable things to you." He said with a hint of protectiveness and guilt in his voice as he tries to cheer you up. You look at him with a small pout as you lean on his chest too exhausted from throwing a tantrum. "Carry me back to manor!" You said with a huff and brattiness in your voice.

Noisy sighed in annoyance and accepted his fate as he princess carries you back to the manor. The remaining walk back filled with tension and high alert due to being ambushed twice tonight. "You know M'lady...for a spoiled brat you are quite lighter than I expected." Noisy said teasingly to lighten up the mood. However, this make you more pouty, "Who are you calling a spoiled brat, Stupid dragon!?" You said smacking him in the head while Noisy laughs even louder. As the manor's door is on sight, you both came across an interesting scene.

You both lock eyes to the young Lord Avery and young Lord Amon both in armoured attire. "Big brother Avery? Why are you and young Lord Amon in armoured gear?" you said confused as you still in Noisy's arms. "Berber! Thank the gods you are safe! When I checked your room, you were not there!." exclaim Lord Avery as he puts down his sword away. "Why were you out at this time of night?! Especially alone!?" scolded Lord Avery to you while your fiancée, Lord Amon staring at Noisy with envy and his eyes darkens. Noisy notice this and immediately smirk playfully which cause young Lord Avery to notice. "Noisy don'-. " Lord Avery didn't manage to get a word in as Noisy immediately throws you towards Lord Amon. "YOUR LOVER! YOUR PROBLEM! YEET!." Noisy said with glee while you gasped in surprised as Lord Amon caught you in his arms. Lord Amon then lost his footing and you both landed on a nearby bush.

The situation you both were in immediately get flustered with how closed your faces were in. As you both gets off from one another, you glare at Noisy with embarrassment. Young Lord Avery just sighed while Noisy just laughing hysterically at you and young Lord Amon's obvious attraction to each other. As the situation calms down, you all immediately enter the manor and young Lord Avery immediately stop the search party that was being made to find you. You all then go back to your respected rooms as you dreaded when the morning comes as deep in your heart, you knew that you will get an earful later from your parents. As you go inside your room, you notice a tray of warm milk tea with a note saying, "Don't think I forgot my promise M'lady, here is your milk tea and make sure you drink it! :) from your loyal dragon butler, Noisy." This cause you to chuckle and softly mumbles, "Stupid dragon....hope you get a worst lecture too."

THE END
