

Information about the author

1. Surname, first name:

Boloskhaan Seryk.

2. Position, academic degree, title:

master of natural sciences, lecturer.

3. Education:

- KazNU named after Al-Farabi, faculty of "Chemistry, chemical Technology", diploma ZHB-1 № 0003064 dated June 15, 2012, specialty 06M072100 – "Chemical technology of organic substances", 2012;

- Master's degree № 0009381 dated March 15, 2015, HAC the MES of the RK, specialty 05.17.01 – "Chemistry".

4. Area and directions of research, including participation in scientific projects with a brief description of the results of the study:

Field and areas of research:

- general biochemistry.

5. List of the most significant publications (monographs, patents, developed standards):

1. Boloshaan S., Kumargaliyeva S.Sh. Study of temperature effects on surfactant-polyethylene glycol interfacial layers at the liquid-gas border, Bulletin of kaznu. Chemistry series, № 1 (77), 2017, Almaty, b. 79;

2. Boloshaan S., Almabekov O.A. The use of composite hydrogels in the process of water treatment in Akaba Bulletin of Almaty Technological University 2018, № 2, pp. 76-84;

3. Yagudeyev T.A., Boloshaan S. Investigation of the properties and structure of cement stone depending on the water content of cement mortar Republic of Bashkortostan International Youth

Scientific Conference "High-tech technologies in solving problems of the oil and gas complex", December 19-24, 2018, Ufa.

6. Achievements in research, teaching activities (awards):

- Letter of thanks for his work as a curator-adviser and for his active participation in the public life of the University, 2020-2022.
