I talk _____
I walk _____
I take exams _____
I sleep _____
I sing _____
I speak English_____
I spend money _____
I do the housework _____
I make friends _____
I make decisions _____
I study _____

When you have finished, try to guess how your partner does three or four activities from the worksheet (change a few partners)

For example:

Student 1 - It's something I do fluently.
S1 - It's something I do slowly.

Student 2 - Speak your own language.
S2 - Get out of bed.

*You will get five chances to guess each activity. You score **5 points** for guessing the first time, **4 points** for guessing the second time, etc. If you haven't guessed after five tries, your partner scores 5 points.*

The student with the highest score is the winner.
