Sydney The Cat: Sydney is a former villain who is trying her best to get her life together. She may not be the best, but she's certainly trying to be better.

Li'l Sydney: Sydney's daughter! Sydney had attempted to clone herself, which ended in failure and Sydney having a child to look after. Li'l Sydney is the main factor for why Sydney is trying to be good ^ _ ^

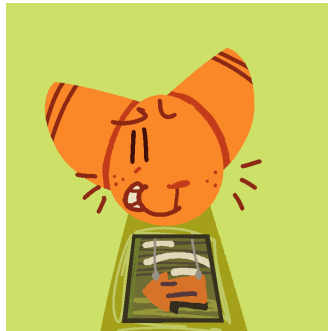

Zuzu/Dog Cop: Dog Cop is the result of Officer Milly and Zuzu The Dog getting caught in an explosion together. Zuzu is also one of Li'l Sydney's parental figures! The two, along with Auto-ism, are in a "secret" hero group called the Supa Buddies!

Auto-ism: Speaking of Auto-ism- this is a robot Sydney made Li'l Sydney! Their name stands for Autotransformer Transitive-Magnetism, and while they can be a little clumsy, they genuinely mean the best for everything they do.

Peterson Ralph Duckhat: Peter is..... trying, to say the least. He tries to do good, but that positive intention always ends up failing one way or another. It doesn't help that he left his wife and son 10 years ago, and that he's been trying and failing to search for them ever since.
Bummer!

Mrs. Lawson: Sydney's no-good mother. She is terrible, there is actually no hope for trying to turn this cat into a better person. Not only is she a jerk, but there's possibly more than meets the eye with her.
