[Script Offer] [M4F] Tails from the Bat Pack: Nightwing and Batgirl [werewolves] [wolf] [comic] [nerdy] [reimagining] [mdom] [multiple listener orgasm] [multiple speaker orgasm] [mates] [F2L] [breeding] [creampie] [rough] [transformation] [cock swelling] [knotting] [CHALLOWEEN]

SCRIPT

[As always, the performer can choose how many SFX they want to use or not use any at all.]

[The opening is multi-voice and I understand not everyone is comfortable with that. It is perfectly fine to fill the script starting at the scene labeled "Green House".]

Introduction

[Soundscape – A knock at the door is heard, Batgirl/Barbara (the listener) goes and opens the door. There is a laugh as the door is slammed and Barbara runs. The door is busted down and shots ring out. There is a fight and Barbara is slammed into furniture as it breaks to the sound of maniacal laughter. Suddenly, a crash is heard as Nightwing crashes through the window. He is in werewolf form, howling, and snarling. He is tearing the henchmen apart as the main attacker escapes. He goes to Barbara and howls in despair before picking her up and taking her into the night.]

[Fade into the sound of heart and other monitoring equipment.]

Alfred

Master Grayson, you need to get some rest.

Nightwing/Dick Grayson

How can I rest when she's like this? When that...monster is still out there? I should have attacked him first. Always go for the alpha first.

Alfred

I think Master Wayne would say otherwise.

Nightwing

Yeah?

Alfred

You can hardly call the Joker an alpha.

Nightwing

In his pack he is.

Alfred

Master Wayne is leading a hunt with Masters Drake, Bruner, Todd and Mistress Kane. Mistress Kyle may be joining...

Nightwing

No! [Slams fist.] I need to do this! This is my hunt.

Alfred

You may join them, but I do not think...

Nightwing

[Cuts him off. Angry, but not yelling. Speaking with dark intensity.] This is my hunt. The Joker is my kill.

Alfred

[Surprised.] Master Grayson, you know the rules of this pack; you cannot kill.

Nightwing

Unless it's for declaring our mate.

Alfred

What are you saying?

Nightwing

It took her almost dying from silver bullets for me to realize what she means to me. One of them was so close to her spine...I almost took a different route, if I had she might have been...[Voice is slightly softer as he looks at her.] It's always been her. I need her to understand. I need to show her that I will do anything for her.

Alfred

I understand Master Grayson.

Nightwing

Thank you. Take care of her 'til I get back.

Alfred

I take it you do not intend to return until you have your mating gift?

Nightwing

[Dangerously.] Naturally.

Alfred

Shall I tell the others to call off the hunt?

Nightwing

No. I need to prove my worth to her. Getting this kill, getting revenge while the whole pack is hunting the same prize, there isn't a better way for me to prove my worth.

Alfred

Understood, sir.

[Nightwing changes into wolf form and heads out. Alfred settles beside Barbara and absentmindedly says "I never thought I would see this day."]

Greenhouse

[Open in the greenhouse at night. There is chirping and a full moon. Light howling is heard in the background. There are soft steps heard along the flagstone floor of the greenhouse.]

[Performer note - The only speaker is Nightwing.]

Barb?

You should be resting.

It was three days ago. You almost...

I know you didn't, but it was close Barb.

You need to take it easy.

You'll let the pack down if you get injured doing something before you're ok. Why are you in the greenhouse? You should be resting.

Restless? The full moon makes me like that too.

I had my own mission. The pack doesn't need me all the time.

I came here to talk to you about that. You should sit down.

We've been pack-mates for a long time. So long, I didn't realize what my feelings for you are. You and I, we're two halves of the same moon; you in the light and me in the dark. Separately, we are strong, inspiring, and beautiful, but together...together we are unstoppable. It was a chance that I went by your apartment that night to see you. Something in me knew I had to see you. I'm sure you've had that same sixth sense about me, it's why we work so well together, but it never came up outside of a fight. I realized something that night.

[He stands up and takes out the head of the Joker from the bag he is carrying and lays it at her feet.]

I worked alone, even with the pack looking, I found him and ended him for what he did to you. I tracked him, I evaded him, I slaughtered him. You are the only one for me and this my promise to you. I will always ensure your safety. No one will ever come close to harming you again.

This is my kill. My only kill. I have killed in your name. If you accept my kill, we will be mates, now and always, I will be devoted to you until the day we die. These are my intentions.

Will you accept me?

[She initiates a deep kiss with him.]

Of course, I accept you.

[Kissing.]

Say it again.

[The kissing becomes more impassioned and frantic. Performer note – you can put kissing between the words and lines as you see fit from this point on.]

And again.

Keep telling me.

Mmm...when you say things like that...

We will breed the next generation of our pack.

Mmm...you don't understand what you're doing to me right now.

How are you feeling? Are you in pain?

Because I want to breed now.

You smell like you're ready too.

I can taste the scent of you on the air...are you well enough?

Good.

[Picks her up and slams her back into a tree as he ravishes her body with his mouth. There is the sound of the tree shacking and clothing ripping as they are inadvertently ripping each other's clothing under their nails during the following section.]

Mmm...your skin tastes good...and the smell of your desire is intoxicating...

Harder? Then bite me how you want me to bite you.

Mmm...I don't think I've been the only one holding back all these years...

[Performer note – along with the kissing sounds you can throw in bites, growls, moans etc. as feels natural to you between the words and the lines.]

I want to fill your belly with my seed and watch it swell your stomach and spill from your flesh.

I want your womb filled with our children.

We shouldn't leave my bed until I don't have an ounce of semen left to give you.

Can you imagine how many nights we will have like this?

I can barely contain myself thinking about it with our naked bodies pressed together like this.

[Loud ripping heard as he throws the remainder of their clothes away.]

Nothing comes between and me and my mate.

I need to mark you...

Don't hold back, mark me too.

You...me...us...the full moon...the smell of a fresh kill...it's almost too much to bear...

[A few moments of just kissing and biting. He roughly sucks her breasts.]

You're excited here...

Just the sensation? Or have you been thinking about being my mate?

Breeding is such a turn-on...

Think about how big and swollen these will get...

Sensitive too...

How easy will it be for me to make you cum when you are full with child?

Wrap one leg around me.

Tell me you want me to check if you're ready.

Tell me to check if you're ready to be bred.

Mmm...you're wetter than I thought...the insides of your thighs are slick.

Are you thinking about me filling you with my throbbing cock?

Can you feel the head of my cock right...there...just outside of your pussy...

Mmm...how long have you been holding your feelings back?

I just poured my heart out at your feet...you can tell me this one thing...

I'll touch your burning clit when you tell me...you have no idea what it does to me to hear you say what you want.

What do you want?

What do you want from me?

Tell me...

Mmm...yes...

...yes...

Yes, gasp as I work your clit and make you wetter.

I can feel you dripping onto the head of my cock, you're making me even harder.

Oh, I can get bigger than this...but I know you'll take all of it...

Dig your nails into me and I'll go faster...and bite you...just where you like...

Don't slouch. I'll push you into the tree by your neck and keep you standing.

You don't know what out of control is for me.

You told me to breed you, I'm starting off slow because you're still recovering.

This isn't; close to me letting go.

But I can tell you're ready to let go.

How much sweeter do you smell when you cum?

Do you think the scent will drive me crazy?

Do you think you'll make me transform before I'm even inside you?

What would it be like to breed with me while I'll in wolf form and you're still like this?

Would you be able to fit my cock then?

Your legs are ready to give out. I can smell how close you are. I can sense it in your movements, I can hear it in the wetness of you.

Are you going to cum?

Are you going to cum to the thoughts of how many nights we will spend mating?

You're being so good right now. Be a good girl and cum.

Think about how many times I'll cum inside you before you're pregnant.

[Whisper.] And how many times I'll cum inside you before you give birth...like a good girl...

The two strongest members of the pack making the next generation...

...or do you want us to start our own pack...

[The listener is cumming.]

Mmm...I was right, your scent is thicker when you're cumming.

It's driving me crazy.

I need to devour you, now.

[He lowers down.]

Stay up.

Keep this leg up on my shoulder.

[Sniffs her.]

That's it. [He loses more of his self-control and buries his mouth into her pussy.]

[Cunnilingus sounds that are rough and ravenous. He is truly devouring her. Spend time on this, don't be afraid to make the sounds last longer than you think they should.]

Mmm...I can feel your pussy throbbing.

You're dripping down my face already and still, you growl for more.

Is it exciting?

[Cunnilingus sounds that are rough and ravenous. He is truly devouring her. Spend time on this, don't be afraid to make the sounds last longer than you think they should.]

I know you can feel that...

And this...

But you seem to like this more...

[Cunnilingus sounds that are rough and ravenous. He is truly devouring her. Spend time on this, don't be afraid to make the sounds last longer than you think they should.]

Tell me I'm your mate.

Tell me you want to breed, like a good girl.

How do you want it?

[Cunnilingus sounds that are rough and ravenous. He is truly devouring her. Spend time on this, don't be afraid to make the sounds last longer than you think they should.]

I need you wider...

I need to make you mine...

Say my name.

[Cunnilingus sounds that are rough and ravenous. He is truly devouring her. Spend time on this, don't be afraid to make the sounds last longer than you think they should.]

Cum again and say my name.

I lose more of my control every time I hear my name in your growls.

[Cunnilingus sounds that are rough and ravenous. He is truly devouring her. Spend time on this, don't be afraid to make the sounds last longer than you think they should.]

Mmmm...keep going.

You sound so good.

Don't stop.

Keep cumming.

[Cunnilingus sounds that are rough and ravenous. She is cumming so sound as appropriate.]

[Sounding more ragged.] You're ready for me now.

[In a swift motion he stands up and lifts her. She wraps her legs around him as he plunges his hard cock into her pussy and slams them both against the tree, making it shake dangerously again.]

How does it feel to take all of me?

To feel me filling you completely?

The way you pulse on me and hold me tighter...you are driving me to my edge of control.

Are you ready for that?

Can you handle me in my true form?

We're already marking each other pretty well.

I like it when you challenge me, but...I'll make do with teeth instead of fangs.

I know, it's so hard to wait, but you're gonna be a good girl...my good girl...

My fucking mate...my good little breeder...

I want to make you a mess...I want you covered in my marks.

There can be no doubt who you are with.

No one will touch you. Not ever again.

You really want that?

Tell me more.

I want detail.

[Between 10 and 15 of fucking against the tree and panting.]

Fuck...you're so eager to breed...

Your body is burning hot.

Pulling me into you.

Mmm...your hair...

Fuck...I need to pull it...and bite you...

You're not marked enough.

You're mine.

Mmm...can you feel it? Me swelling inside of you?

I am so close...so close to losing it...but I need you to cum on my cock.

I know you will, you just need me to press you into this tree and fuck you deeper.

Can you hear the sound of your pussy on my cock? The wet sounds of how much you want me?

On every thrust, you can hear and feel how much I need you.

If you cum again I'll know you want me to lose myself. You'll get to feel me fuck you in my true form.

[Whispering.] And you get to choose which of your forms will get to feel that first.

Cum for me.

Be a good girl and cum on me.

I want my cock to have your scent.

Cum for me.

Drive me past my edge.

Have you ever wondered what it would be like to be with someone twice your size?

My voice, growling and ragged in your ear?

My claws and fangs on your flesh?

My large cock swelling your insides?

Feeling my seed coat your womb as I write my name inside you?

Cum for me.

Cum for me.

Cover me.

Cum now.

Now.

[5 to 10 sec of ragged, losing control fucking.]

I can't take this anymore.

Turn around.

Bend over.

Grab the tree.

[Sound on penetrating her again. He goes straight into rough fucking from behind.]

Feeling your ass bounce off of me.

Your cum dripping down your legs.

The smell of you.

The scratch marks you've already made in the tree.

My marks are all over you.

Fuck...

I need to...I need to...

[He transforms into werewolf form while fucking her. His voice becomes rough and low. His breath is hard. His motions are more frantic.]

More...I need...more...

Feel me grab your hips and fuck you on my cock.

Can you feel my other hand on your clit?

I need you overwhelmed.

Put your hand on your belly.

Be a good girl and do it.

How full are you?

Fuck I can feel your hand on my cock through your stomach.

This is what you wanted.

You wanted my true self.

You wanted me to lose control.

And still, you stay in this form.

I need you overwhelmed.

Let me push your chest into the tree to keep you up.

Your arms can't hold yourself steady.

I have no intention of easing up.

None at all.

You need all the stimulation I can give you.

You need to understand what it is to breed with me.

What being mates, together, means.

Feel me with your hands, feel my true cock inside you.

You look so good like this.

Such a good girl.

Fucking you into the tree...fuck...think we'll break it?

You have no clue what it does to me every time I impale you on my cock.

Your feet barely on the ground.

Your hands stroking me through your swollen belly.

Have you ever been this full?

Sometimes I wonder...if you've been saving yourself for the strongest of the pack...

Am I loving up to the fantasy?

What?

Do it.

I'll help you...

Fuck you harder...

Work faster on your clit...

Do it.

Let yourself do it.

Say my name while you do.

My real name.

Fuck...

Fuck...

Yes.

Oh, you are such a good girl...such...a...good...fucking...girl...

Can you feel that gush of fluid from you?

Smells different, doesn't it?

What did you do?

You squirted.

And I'm done pretending I'm in control.

[10 to 15sec of hard fucking. He is losing control. You can choose to improvise some lines or go with growling and biting.]

I'm gonna fill your womb.

And you're gonna change to your true form.

I'm going to fuck you into your true form.

Cum with me.

Cum as I fill you with my seed.

Be a good girl and tell me to breed you.

Fucking scream, it.

Howl it.

Don't stop cumming on me.

I know, I'm so big you feel like you're spitting in half...but you love it.

Fuck...

Yes...

[10 sec of cumming. Improvise approx. 3 lines for orgasming.]

I fucked you so hard you're like me now.

I'm not gonna stop.

I can't fucking stop.

You've never looked so beautiful. Our children will be like no others.

[They fall to the ground still fucking.]

This is how we belong, locked together, nothing else to do other than fuck and cum in the dirt.

Are your senses heightened, like mine?

Feeling you move against me locked in my arms and legs.

I need you.

I need you to cum...and growl...and howl.

Watching you tear at the dirt and roots...cumming...unable to stop...fuck...

You're making me get bigger. You're doing this to me.

[Intense biting.]

I've never done this either. You're my mate. Now and always.

You're mine.

[Intense biting as he builds to another orgasm. Just to be clear, he is lost in his lust and need for her and has completely lost control.]

I need more of you.

Now.

I'm as deep as I can go.

I'm swollen further than I thought possible.

Even in our true forms, I'm still pressing your belly out and you can see it too, can't you?

Keep growling.

Keep calling to me.

You're driving me insane.

Tell me you're a breeder.

Tell me you're MY breeder.

Only mine.

Only for me.

We can't break apart now; I've filled you completely.

I never thought I could be so big.

I won't be coming out anytime so...but...the urge to fuck you...keep you cumming...to fill you...fuck...

No. You're my first mate and my only mate...this is for life.

It feels amazing for me.

Tell me you like being knotted with me.

Tell me...

Again...

Don't stop telling me you want this.

Since I spilled that bastard's blood, I've only been thinking about this.

You've been on my mind.

My good girl, at the center of my thoughts.

I needed this...

And I'll keep needing this...

Over and over again...

Be a good breeder and cum with me.

Be my good girl.

Scream my name and tell me to fill you.

Keep saying it...don't stop...don't...fucking...stop...

[Improvise 3 to 5 lines for orgasm.]

Fuck, it's still cumming.

You'll be bursting with my seed when we part.

My cock is shaking and trembling inside you.

It's...so...good...fuck...

Mmm...don't move...like...that...fuck...if you don't want me to keep...going...

Shhh, it's alright. I just need to...relax...

I know it feels so big and you must feel so full...

You can feel me pulsing and cumming inside you.

Mmm...stay close to me.

You're mine now. My mate. Stay in my arms and just relax as I keep filling you.

I'm going to touch your clit...

Fuck...you're more sensitive than me...the feeling of you cumming again on me...

I don't care if I can barely move, I'm still going to fuck you...gently...

You smell even better cumming like this with me...

I have more...you have to take all of me...you need to take everything I give you.

I plan to give you everything.

Every day I will prove my worth to you as a mate.

Every day and every night.

And when our children are born...they will have the best of both of us. They will be the best of our pack.

How many pups can I fill your belly with?

I hope they all have your eyes.

Such a strong woman...I am honoured you accepted me.

[Biting and kissing.]

[The performer can add affectionate kissing and other sounds as they see fit between the words and the lines from this point and until the end of the script.]

Mmm...I can't stop.

The way you are...pulsing on me...taking everything I have.

Are you struggling to stay in this form, too?

I've heard that too...that it's hard during the first knotting to stay in form.

I'm holding onto you. I'm here. Shift forms with me.

We need to do it at the same time so I don't hurt you like this.

Breathe deeply.

In and out.

Like that.

Feel my heart beating against your back.

Feel my hand over your heart feeling it beat.

Breath with me.

I'll match your pace.

I'm here with you.

We're here together.

Nothing is going to change.

Ready?

[There is some panting and sounds as they both go to human form together. They remain there for a few moments breathing together and he kisses her affectionately on her neck and shoulders from now and until the end of the script.]

You, ok? Nothing hurting?

Good.

I think you're right; it's gonna be a while before we can separate.

Just stay with me, let me hold you. It's warm. The crickets are chirping and we can see the stars and the moon through the leaves above. You can hear that water feature for the pond.

[Playfully.] Nothing, just nibbling on your ear.

[She asks him what the rest of the pack will think when they tell them.]

If Alfred is any indication, surprised, but expected.

It seems like everyone except us knew.

I know, I felt the same way.

We work so well together; didn't want to mess up a partnership. Tracking with you...no one's better. We don't have to talk or use codes; we just know what the other is thinking.

I don't think you're weak for being worried about that. Do you think I'm weak for being afraid of destroying what we have?

Looks like we were both afraid. I'm glad we got over it.

There is no one like you. At the end of it all, it's always you and me.

Mmm...yeah...sorry...when you say my name...ah...it sets me off again.

I love you too, Barbara.

[Peaceful moment for a few beats. Kissing, etc. are fine to add in during this pause in talking.]

This place means a lot to us.

First time I met you was here. You said I was training wrong.

The first time I spared with anyone who wasn't the old man was with you. We were just kids, but your style hasn't really changed.

We used to sneak out here and spar all the time. Try to break down moves, learn how to mirror each other. Then we started hanging out more, always out here. Talking about more than the missions and the pack.

We grew up here. Every milestone we came here to tell each other about it. Every victory and every loss.

And now...this is where we decided to bond. To be two halves of one moon. We're one now, and I'm never letting go of you.

Never.

You're stuck with me now, under our tree looking up at the stars and the moon.

You're, ok?

Just checking, it's new for me, just like it is for you. I want to make sure nothing hurts.

You could never hurt me.

Stay with me tonight.

I want to watch night turn into day with you. This is our place and I want to start a new day together with you.

I need you to know I meant what I said; every day I will prove my worth to you. It's my promise to you, and I'll never break it.

You can't stop me from doing something I want to you. Especially when it's something for you.

Stay with me. Stay in my arms and watch the and day rise and greet us.

And if we fall asleep, we wake up together under our tree. Ready to start our next adventure.

I love you.

[Fade out on affectionate kissing.]
