### **Dissemination of Assessment Results**

District Assessment Results for State Assessments are available on the Minnesota Department of Education's Report Card([click here](#)). This link is also included on our district website. Individual Student Reports (ISRs) are provided to parents/guardians in paper format at our fall conferences for state assessments. Local assessments are disseminated through our student information system (Infinite Campus) and at parent/teacher conferences (or sent home if parents/guardians are not in attendance). For 2024-2025 state assessments, results will be provided at fall conferences, October 15-16, 2024. If parents/guardians are not in attendance at fall conferences on October 15-16, 2024, the ISRs will be mailed home following conferences and before the MDE required date.
