Abstrak

Abstract is written in Bahasa Indonesia (Times New Roman 11 pt, single space) which composed of introduction, material and method, results, and conclusion in one paragraph. Number of words are 100-250 with a maximum of 5 keywords.

Kata kunci: 3-5 words in alphabetical order and separated by semicolon (;)

Abstract

Abstract is written in English (Times New Roman 11 pt, single space) which composed of introduction, material and method, results, and conclusion in one paragraph. Number of words are 100-250 with a maximum of 5 keywords.

Keywords: 3-5 words in alphabetical order and separated by semicolon (;)

Introduction

(Times New Roman, 11 pt, double space)

The introduction contains background that includes the importance and objectives of the research, as well as the benefit of the research. The introduction must indicate supporting reference citations.

Materi dan Metode

(Times New Roman, 11 pt, double space)

This section is not written under subtitles material and method. The description of materials and tools including trade names, chemical names and the name and country of manufacturer. The method of research and analysis should briefly written.

Results and Discussion

(Times New Roman 11 pt, double space)

The results must described sequentially, in detail and clear. The discussion of the research results is explained scientifically and rationally, supported by relevant scientific literature and references.

The maximum number of tables and figures is 6 (6 tables or 6 figures or 3 tables and 3 figures), each table or figure must be annotated with letters. Images in manuscripts must be numbered followed by a description of the image, and written below the image. Images have a minimum resolution of 300 dpi and embedded within text.

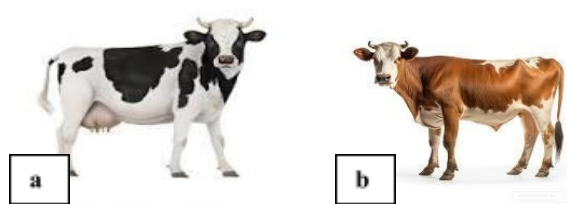

Figure 1. (a) first image; (b) second image. Symbols and letters in the image must be explained, either in the caption or legend which is part of the image. If the space is sufficient, two images can be placed next to each other (Times New Roman 9 pt, 1 spacing, and left justified).

Tables must have a number and title placed above the table. Use only horizontal lines in tables to distinguish column headings from table contents. Tables should be embedded within the text. The unit is written within brackets.

Table 1. Tables must be orderly numbered and the title is placed above the table (Times New Roman 9 pt, 1 space, and left justified). Leave one space between the title and table.

Column Title	Parameter A (mg/ml)	Parameter B (mg/ml)
First measurement	1*	4
Second measurement	2	5
Third measurement	3	6

*Table information is written under the table (Times New Roman 9 pt, 1 space, and left justified).

Conclusion

(Times New Roman 11 pt, double spacing)

Conclusion of the research are stated briefly, concisely and clearly. The use of numbers or bullets is not recommended.

Acknowledgments

(Times New Roman 11 pt, double space)

Acknowledgements are only intended for individuals and institutions that have great impact in the research.

References

(Times New Roman 11 pt)

All references in the manuscript must be mentioned in the bibliography. The bibliography must contain reference libraries originating from primary sources such as scientific journals (at least 80% of the entire bibliography) within the last 10 years. Each article contains at least 10 references. The bibliography is arranged alphabetically without numbers. Journal names are abbreviated in accordance with applicable international rules. The bibliography is written in Author-Date style using Reference Manager software such as: Mendeley, EndNote, etc

Abstract

(Times News Roman 11 pt, spasi 1)

Abstrak ditulis dalam bahasa Inggris (Times News Roman 11 pt, spasi 1) yang terdiri dari pendahuluan, materi dan metode, hasil, dan kesimpulan dalam satu paragraf. Jumlah kata 100-250 dengan maksimum 5 kata kunci.

Keywords : 3-5 words in alphabetical order and separated by semicolon (;)

Abstrak

(Times News Roman 11 pt, spasi 1)

Abstrak ditulis dalam bahasa Indonesia yang terdiri dari pendahuluan, materi dan metode, hasil, dan kesimpulan dalam satu paragraf. Jumlah kata 100-250 dengan maksimum 5 kata kunci.

Kata kunci : 3-5 kata berdasarkan urutan abjad, dipisahkan dengan semikolon (;)

Pendahuluan

(Times New Roman 11 pt, spasi 2)

Bagian ini berisi latar belakang yang memuat arti penting dan tujuan penelitian, serta manfaat penelitian yang telah dilakukan. Pendahuluan harus menunjukkan sitasi referensi pendukung.

Materi dan Metode

(Times New Roman 11 pt, spasi 2)

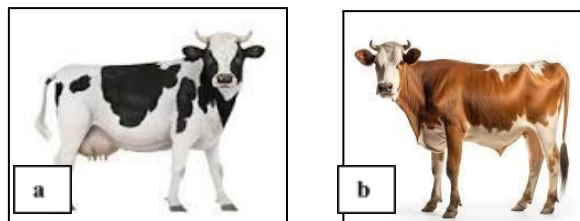

Bagian ini ditulis tanpa subjudul materi dan subjudul metode. Penjelasan bahan dan peralatan termasuk nama dagang, nama kimia serta nama dan negara pabrik pembuat. Cara penelitian dan analisis ditulis secara singkat.

Hasil dan Pembahasan

(Times New Roman 11 pt, spasi 2)

Hasil penelitian dijabarkan secara urut, rinci dan jelas dalam bahasa Indonesia. Pembahasan hasil penelitian diuraikan secara ilmiah dan rasional dengan didukung oleh pustaka dan referensi ilmiah yang relevan.

Jumlah total tabel dan gambar maksimal 6 (6 tabel atau 6 gambar atau 3 tabel 3 gambar), setiap tabel atau gambar harus diberi keterangan dengan huruf. Gambar dalam manuskrip harus diberi nomor yang diikuti dengan keterangan gambar, dan dituliskan di bawah gambar. Gambar memiliki resolusi minimal 300 dpi dan melekat dalam teks.

Gambar 1. (a) gambar pertama; (b) gambar kedua. Simbol dan huruf dalam gambar harus dijelaskan, baik dalam caption atau legend yang merupakan bagian dari gambar. Jika cukup, dua gambar dapat diletakkan bersebelahan untuk menghemat ruang (Times New Roman 9 pt, spasi 1, dan *left justified*).

Tabel harus diberi nomor dan judul yang diletakkan di atas tabel. Gunakan hanya garis horisontal dalam tabel untuk membedakan judul kolom dari isi tabel. Tabel harus melekat dalam teks dan tidak terpisah. Tulis satuan dalam tanda kurung.

Tabel 1. Tabel harus diberi nomor dan judul yang diletakkan di atas table (Times New Roman 9 pt, spasi 1, dan *left justified*). Beri jarak satu spasi antara judul dan tabel.

Judul Kolom	Parameter A (mg/ml)	Parameter B (mg/ml)
Pengukuran pertama	1*	4
Pengukuran kedua	2	5
Pengukuran ketiga	3	6

*Keterangan tabel ditulis di bawah tabel dengan huruf Times New Roman 9 pt, spasi 1, dan *left justified*.

Kesimpulan

(Times New Roman 11 pt, spasi 2)

Kesimpulan hasil penelitian dinyatakan secara singkat, padat dan jelas. Penggunaan nomor atau bullet tidak disarankan.

Ucapan Terima Kasih

(Times New Roman 11 pt, spasi 2)

Ucapan hanya dicantumkan untuk perseorangan dan institusi atau lembaga yang benar-benar membantu pelaksanaan penelitian.

Daftar Pustaka

(Times New Roman 11 pt)

Semua rujukan-rujukan di dalam teks artikel harus disebutkan di dalam Daftar Pustaka. Daftar Pustaka harus berisi pustaka-pustaka acuan yang berasal dari sumber primer seperti jurnal ilmiah (minimal 80% dari keseluruhan daftar pustaka) dalam kurun waktu 10 tahun terakhir. Setiap artikel paling tidak berisi 10 daftar pustaka acuan. Daftar Pustaka disusun menurut abjad tanpa menggunakan nomor urut, nama jurnal disingkat sesuai dengan aturan internasional yang berlaku. Penulisan Daftar Pustaka menggunakan style Author-Date dengan Reference Manager software seperti: Mendeley, EndNote, dll
