***WAKE UP
AND SMELL
THE TYRANNY***

1. Spying on the Associated Press, Fox News, etc.
2. Benghazi
3. Gun running to Mexico.
4. Targeting conservative groups, and individuals by the IRS to suppress their activities and/or deny them tax exempt status.

5. Giving private IRS information to liberal groups.

6. Eric Holder directing the Justice Department to not prioritize any crimes against whites, but to focus only on those against minorities.

This came to light after Holder refused to prosecute Black Panthers for intimidating voters. He later prosecuted a White man, who richly deserved it, for a hate crime, while not prosecuting even one Black thug of hundreds who attacked Whites.

7. Not prosecuting any banksters involved in the collapse of the home loan industry and all the malfeasance involved.

8. Attempting to suppress second amendment rights.

9. Covering up and obfuscating matters being investigated by congress.

10. Not allowing the Border Patrol to do its job.

11. Continuously printing money through “quantitative easing” to make the economy look better, as it destroys it in the long run by inflating the currency.

12. Exorbitant expenditures on trips, personal assistants etc.

13. Allowing cities to create safe havens for illegal immigrants while fighting the ability of states to send illegals back to their own countries.

<http://www.ojjpac.org/sanctuary.asp>

14. Endemic use of secret e-mail accounts by government officials.

<http://apnews.myway.com/article/20130604/DA6MPFHG2.html>

15. Appointing czars to overlook all administrative agencies under his

control, but never knowing anything that is going on. “I didn’t know until I read about it in the newspaper.”

16. The job of the president is to govern his administration. If he fails at that, he is responsible as is any chief executive! The IRS scandal was known of by everyone including the President. He is not that stupid or inept. All of these scandals are revelations of planned strategies to abuse the power of the administration to advance socialist policies and politics.

17. Pigford Scandal. Giving hundreds of millions of dollars to fake “farmers” with little or no qualifying investigation. Ignored by the mainstream media.

18. New! Another scandal:

<http://www.examiner.com/article/dhs-claims-authority-to-inspect-safety-deposit-boxes-without-warrants> This needs to be thoroughly investigated!

It goes against the unreasonable search and seizure protections of the U.S. Constitution. Who OK’d this? No warrants were received!

19.

<http://theblacksphere.net/2013/06/breaking-obamas-seal-team-6-coverup/#> Another scandal that needs a lot more attention!

20. Forcing or allowing the army to call the Ft. Hood shootings workplace violence and thus further harm the victims. He is the Commander in Chief. (Liar in Chief in my book)

http://www.huffingtonpost.com/2013/06/03/nidal-hasan-represent-himself_n_3379274.html

21. Suppressing Christianity in the armed forces.

<http://www.wnd.com/2013/05/atheist-accuses-christians-of-treason-over-beliefs/>

22. Partnering with the Muslim Brotherhood and promoting their influence in United States institutions including the armed forces.

<http://pjmedia.com/barryrubin/2013/06/04/make-room-for-islamistgate-the-obama-administrations-new-scandal/?singlepage=true>

Later allowed Muslim Brotherhood leaders into the United States without normal searches.

23. Donilon's and others leaks to make Obama look good.

http://www.huffingtonpost.com/2012/06/26/leaks-gop-holder-donilon-special-prosecutor_n_1627550.html Susan Rices false narratives are part of this. Obama and Hillary were the authors of all this. They spoke the night of the raid and concocted the story. (My surmise).

24. Widespread invasion of privacy of phone records and computers of Americans. Even demanding backdoors to software programs.

<http://www.cnn.com/2013/06/05/politics/nsa-verizon-records/index.html>
See more as they have developed below.

25. IRS spending on conferences.

http://hosted.ap.org/dynamic/stories/U/US_IRS_INVESTIGATION?SITE=AP&SECTION=HOME&TEMPLATE=DEFAULT&CTIME=2013-06-06-04-27-33 IRS employees also got bonuses for performance.

collusion with IRS.

32. https://en.wikipedia.org/wiki/Fort_Hood_shooting As Commander in Chief Obama bears responsibility for setting in place the policies that allowed Hassan to remain an army officer rather than being cut for his well known Islamism. He then allows Hassan to continue to receive full pay, while calling the attack workplace violence rather than a terrorist attack. The dead and wounded are not even eligible for purple hearts or other benefits due to this travesty. Now Hassan will be allowed to cross examine his victims!

33. Delphi Pension Scandal

<http://www.breitbart.com/Big-Government/2013/08/09/Issa-serves-subpoenas-on-Treasury-Department-over-Delphi-pension-scandal>

Generals forced to retire while civilians are left on the job. Extensive spying on the military was also done. Chaplains not allowed to talk about Jesus Christ. Uniform can be worn in gay parades but not in church! Air Force cadets allowed to dress in drag.

36. Using Seals Accomplishments, as his own, revealing military secrets that endangered Seals and the doctor who helped the seals find Bin Laden. A Seal Team Six helicopter was shot down, and the doctor was thrown in prison by Pakistan.

The Obama administration has done everything it possibly could to distort laws and enforcement to meet its political goals. It does not care about the letter of the law except to figure out how it can use it toward its own nefarious ends. He should be impeached even if it cannot go beyond the House of Representatives. That is the only way to point out the serious misdeeds he and his gang have committed against America, and specific Americans.
