Summer 2024 VDOE Fine Arts Webinars

The VDOE fine arts program will host webinars for administrators, leaders, and educators of fine arts instructional programs. Registration is required to attend. Click the date to register. Those who attend the live webinar will receive a certificate of participation in one hour of professional learning. The presentation, recording, and session materials will be shared with all who register and will be available in the VDOE fine arts groups in GoOpenVA: Dance Arts, Music, Theatre Arts, Visual Arts. Questions about these webinars can be directed to Kelly Bisogno, Coordinator of Fine Arts at Kelly.bisogno@doe.virginia.gov or Sherry Hatton, Music Specialist, at sherry.hatton@doe.virginia.gov.

Fine Arts Through the Lens of Multilingual Learners

This webinar was presented on July 30, 2024. The slide deck and recording are available in GoOpenVA.

Participants will explore resources, learn strategies, and practice instructional routines that elevate language and enhance language acquisition in fine arts classrooms. Participants will explore resources that integrate English language development into the fine arts curriculum, learn strategies to support the development of English, and practice instructional routines that elevate language in fine arts classrooms.

VDOE Fine Arts Update for the 2024-2025 School Year

This session was delivered on July 30, 2024. The slide deck file and narrated version are available on GoOpenVA.

Participants will receive the latest news, updates, and resources for fine arts programs for the 2024-2025 school year. This session is for school administrators, central office staff who oversee fine arts curriculum and instruction, and fine arts educators.

Leading Fine Arts Teaching and Learning

This session was delivered on August 1, 2024. The slide deck and recording are available in GoOpenVA.

This webinar will share resources and strategies that include observation look-fors, Fine Arts Standards of Learning concepts, key features of high-quality instructional materials, and more. This webinar is for principals, assistant principals, division curriculum leaders, department chairs, and anyone with a leadership position in the school or division related to fine arts instruction.

Appalachian Music Media and Resources

This webinar was delivered on August, 1, 2024. The slide deck and recording are available in GoOpenVA.

Participants will receive an overview of strategies and resources aligned to media content created by Blue Ridge Public Media for Appalachian music. The resources developed demonstrate instructional strategies related to music, musicians, instruments, styles, and playing techniques paired with the content created. Instructional resources were developed in collaboration with educators.

SOL Overviews and Instructional Resources for the 2024-2025 School Year

VDOE fine arts program staff will share state and national resources, guiding principles, and timely information for fine arts instruction that are up to date for the 2024-2025 school year. This session is especially helpful for new fine arts educators and would be a good refresher for experienced fine arts educators.
