

Community Gaia : An Introduction to Onboarding

Please Note : Community Gaia is a name we recently designed to encompass All. Prior to “Community Gaia,” we were using “The Healing Garden.” “The Healing Garden” has been downgraded to The Triadic Healing Gardens where we exclusively focus on Mental and Physical Health, Relief, and Respite for those who need it. Where you see “The Healing Garden,” we are referring to “Community Gaia,” and are in the process of updating our Onboarding Material.

Thank you for your patience.

Community Gaia and “All things Anna” are designed to grow with you as others come on board. What you see here is very much a “rough draft” of the Skeleton and The Vision of what we are going for. As others come on board – they add their Vision to this and Gaia takes on more shape to make room for everyone’s dreams.

The most beautiful thing about Gaia is that you are nourished to make your Dream your Own. And everyone loves their Dream so much – and people are vetted for their Ethics – so “Theft of Idea” is not at all something you have to worry about here.

Notification : Some things in this letter may be out of date, we are always evolving to accommodate Societal Growth.

Welcome to Community Gaia “Behind The Scenes!”

You received this letter because you expressed a PASSIONATE interest in what goes on behind the Scenes and we think you may be the next member to our Family Team!

Community Gaia is built around the Preservation of the actual Force in Physics called “Love” or “The Force.” This is literally The Force that Nourishes Growth. Our Scientists do a LOT of work in the Physics of this Force... Very exciting!

The Love Force contains Ingredients that – sadly – are not compatible with our Society because Society was built in opposition to Love.

Community Gaia is designed to revive Love and restore this Force to Society. Community Gaia is Mother Nature’s Army, so to speak.

The Ingredients of Love are :

- Truth
- Logic
- The 12 Ethics +> The Four Cardinal Values

For this reason, these three components are VITAL to the Nourishment of Community Gaia. Words are the Vessels of Truth and Logic, which Narcissists have contaminated, unbeknownst to 98% of the Population on the Planet.

The Science of Truth, Logic, and the 12 Ethics however, has allowed us to locate the words that Nourish Love, and Anna has invented a Language called Abstractic with which to preserve and Restore Love.

Abstractic uses Logic, Physics, and Philology and has been purified of all Narcissism. It can be learned in about 3 weeks with continuous exposure. Healthy people naturally use these words and the words of Abstractic Naturally Nourish Healthy People.

Precision in Language is VITAL to the restoration and preservation of Truth and Logic. Most people are trained through abuse to oppose Truth and Logic without their even knowing it.

As people choose to enter Community Gaia, they must be mindful that the Language and their Acceptance to receive this Language is going to determine their Access to the tiers above PANDO (Basic).

Most people are not able to hear the Language Abstractic because it strongly opposes the Narcissism that has been groomed into them. The worst of those in the Oasis become aggressive when they hear Abstractic and work to groom others to eggshell walk around them.

This is the kind of Psychology we look for before allowing someone into Gaia on the higher tiers.

Those who are around Abstractic too much and too soon suffer from Existential Crisis, and it does awaken and continue their Healing.

This is because Anna has literally fused the “Love Force” right into the words of Abstractic.

Most people who think they are healed, quickly find out just how not healed they really are not.

This is our very gentle warning to you, that, the closer you get to the Heart of the Garden, the more the Language Abstractic will Purge any Narcissism in you like a Virus, and if you are not ready for it, the shock may surprise you.

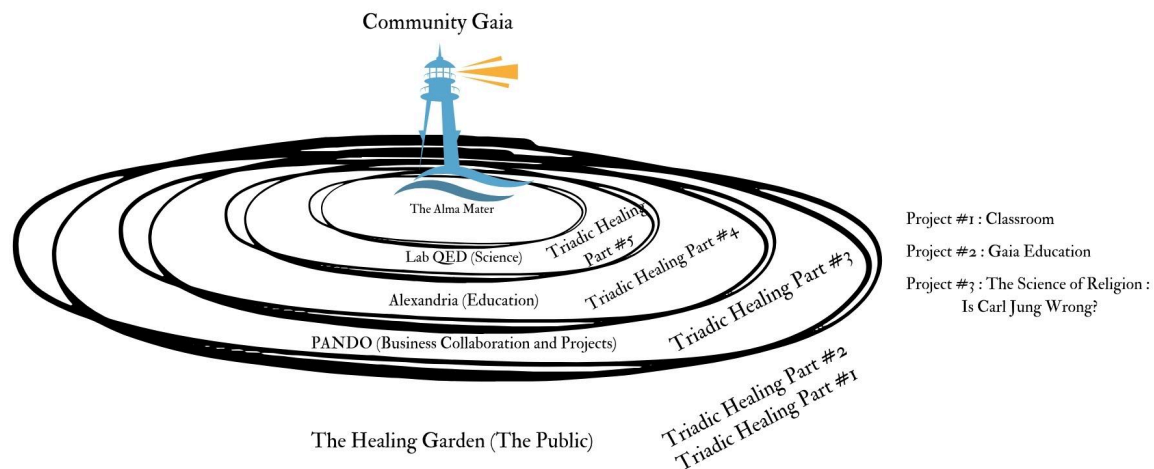

That all being said, please review the Documents inside of this Letter and, if you are certain this is for you, please reach out to Anna and let her know.

If you are adamant that you want to join Community Gaia, but you realize you have work to do, then Anna strongly recommends Triadic Healing Part #1 and Triadic Healing Part #2 prior to joining PANDO.

Thank you so much.

May the kindest of words always find you.

“The Big Picture” Pre-Meeting Archives

The Healing Garden does everything different. Prior to every meeting, Anna releases a Letter with the Concept and Big Picture and shares it with everyone. Everyone in 1st Degree can go in and add their Voice so we all can see the Full Picture, which will get everyone on the same page when we go into The Meeting.

This practice will be carried down to all the Degrees so they can Optimize their use of Meetings without wasting anyone’s Time and also to get everyone on the same page.

All “Big Picture” Pre-Meeting Announcements will be logged right here so anyone new coming on board can catch up and see the Development of our Vision.
