

Mango Butter Body Scrub

Product Analysis

Mango Butter Body Scrub is crafted to visibly smooth and nourish while refreshing the skin's texture and tone. Salt crystals gently remove surface roughness, creating a clean base for hydration to follow. Mango fruit extract, packed with antioxidants and vitamins, delivers skin-softening benefits and a naturally uplifting aroma. Nutrient-rich oils—like sweet almond and olive—work with silk amino acids and hyaluronic acid to keep skin feeling comfortably moisturized after exfoliation. Strawberry seeds add a light, natural polish, while botanical extracts like aloe and artemisia flower lend a soothing finish. Ideal for those looking for a scrub that balances exfoliation with long-lasting skin comfort.
