Conclusion

Start typing here (Summarize the key points derived from the content, approx. 150 words.)

New knowledge

Explain the discovery or development of new knowledge presented through diagrams, concept maps, or models (if any), including procedural explanation, usefulness, and potential applications that promote development or transformation at individual or societal levels. Clarify how this knowledge is novel, pioneering, and provides a foundation for future studies.

References

(Format the references according to the journal's author guidelines.)

Note:

1. Article length must be 8–15 pages.
2. Provide email addresses for all authors to support the online journal submission system. Only the primary author's email (as specified) will appear in the published article.
3. Please include academic or professional titles (e.g., Mr., Mrs., Miss, Lecturer, Asst. Prof., Assoc. Prof., Prof., Dr., etc.) for all authors for accuracy in the publication acceptance letter. Only first and last names will appear in the published article.
4. All authors should provide their full name and institutional affiliation in Thai.
