- The data recorded in the portal will be used for salary calculations, so it's important that all entries are correct. If any discrepancies arise, please notify the HR department promptly for resolution.

Punctuality -

- We value time and aim to start our day on schedule. Employees are encouraged to arrive by 9:00 AM to ensure smooth operations. In case of unexpected delays, please inform your team or supervisor as soon as possible so we can stay coordinated.
- Employees are responsible for their actions and behaviour in the workplace. If you make a mistake, we encourage you to take ownership, learn from it, and work towards a solution. Transparency and accountability are key to our collective success.

Performance Evaluation and Employee Increment Policy

At Just Digital Gurus, we value the continuous development and growth of our employees. Performance evaluations play a key role in recognizing individual achievements, providing constructive feedback, and determining salary increments. This policy outlines the performance evaluation process and the annual increment cycle.

Cycle Duration -

- Our performance evaluation cycle occurs **annually**, starting from the individual's date of joining. Performance reviews and salary increases are generally determined based on the employee's overall contributions, achievements, and the goals set during the evaluation period.

Evaluation Process -

The performance review will focus on the following criteria -

- Project Complexity
- Adherence to Deadlines / Timely Completion
- Skill Development and Enhancement
- Initiatives Taken / Continuous Learning
- Bug Fixing and Issue Resolution

Notification of Increment -

- Employees will be notified of their performance evaluation results and any resulting salary adjustments or promotions on completion of 1 year. Employees will receive clear feedback from their supervisor or manager regarding their performance.
- Salary increments are not automatic and are not solely based on tenure or completion of a specific duration of employment. Increments are considered as part of the organization's performance review process and are based on individual performance, overall contribution, role responsibilities, company performance, and prevailing business conditions.
- The percentage of increment, where applicable, is not fixed or uniform and may vary from employee to employee. Depending on the outcome of the performance evaluation and organizational considerations, an increment may not be granted during a particular review cycle. All decisions regarding salary increments rest with the management and shall be considered final

Work From Home Policy

Objective

The objective of this Work From Home (WFH) policy is to provide limited flexibility to employees during genuine emergency situations while ensuring uninterrupted business operations, team collaboration, and productivity. This policy aims to maintain discipline, accountability, and work–life balance without compromising organizational goals.

WFH Eligibility & Annual Limit

Employees may be eligible for up to five **(5) Work From Home (WFH) days in a calendar year**, which may be utilized only in genuine emergency situations. WFH is not a default working arrangement and should not be assumed as an entitlement.

Approval & Management Discretion

All WFH requests will be reviewed on a case-to-case basis and approved solely at management discretion, depending on the nature of work, team dependencies, and business continuity requirements. Management’s interpretation of what constitutes an “emergency” shall be final.

Employee Readiness & Prerequisites

Employees applying for Work From Home (WFH) must ensure they are fully prepared and equipped to maintain productivity and communication standards equivalent to working from the office. Prior to opting for WFH, the following prerequisites must be met.
