- Initial Impressions
 - Dust / Older
 - Brown

- Land - Floor, probably stone
 - Rectangular object either laid out on it or leaning against a wall (also stone)

- Water - No

- Monorail - Yes -

- Natural - Just the materials - not ~~in~~ in the image

- People - Not in the image, but nearby.

- Energy - Not in the image, but nearby. Motions of people moving behind me as I look at the rectangular object.

Summary

- Rectangular object is a box (3D). It is on display or to be viewed from a distance (not up close). Box is rounded on the top edges.

Snowbird

Initial Impressions:

- Still dust/sand/old/brown

Additional details:

- Indoors, people are nearby. Its kind of crowded!

- I still get some relationship to Egypt somehow. 

- I also get that the box is related to death, so maybe its a coffin.

- There is a lot of brown - like an old picture.
