## DIGITAL PLAYGROUND

### Osmo Coding Jams

- Osmo
- Osmo Coding Jam

#### Item

Osmo Coding Jam is an interactive iOS app where students can play a variety of games that challenge their skills with music while coding patterns and sequences using the Osmo's game piece kits.

#### How does it fit into instruction?

Osmo Coding Jam allows students to use coding blocks to create beats and learn to develop an ear for rhythm, melody, and harmony. Students can share composed jams safely with friends, family, and the jam community.

#### Purchasing Information

Osmo Kits- \$34.99- \$88.00

Osmo Apps- Free
