DECLARATION OF COMPETING INTEREST

Authors must declare any personal circumstances or interests that may have influenced the research or interpretation of findings.

If no conflict: The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.

If conflict exists: [Describe the nature of the conflict of interest, e.g., "Author X is an employee of Company Y, which funded this research."]

ACKNOWLEDGMENTS

Acknowledge individuals or organizations who contributed to the research but do not qualify for authorship (e.g., technical assistance, language editing, data access). Do not include co-authors here.

Example: The authors would like to thank [Name/Institution] for [specific contribution]. The authors also thank the participants who voluntarily took part in this study.

If no acknowledgment: Not applicable.

FUNDING STATEMENT

Provide details of all funding sources. If no external funding was received, state this explicitly.

No funding: This research received no external funding.

Single agency: This work was supported by [Funding Agency] under Grant [number xxxx].

Multiple agencies: This work was supported by [Agency #1] under Grant [number xxxx]; [Agency #2] under Grant [number xxxx]; and [Agency #3] under Grant [number xxxx].

DATA AVAILABILITY STATEMENT

Authors must state how the data supporting the reported results can be accessed. Select the most appropriate option:

Option A: The data that support the findings of this study are openly available at [URL/repository], reference number [DOI or accession number].

Option B: The data that support the findings of this study are available on request from the corresponding author.

Option C: No new data were generated or analyzed in support of this research.

ETHICS STATEMENT

If the study involved human participants, an ethics statement is required. Provide the name of the ethics committee and approval number if formal approval was obtained.

With formal approval: This study was conducted in accordance with the ethical standards of [Ethics Committee Name], approval number [XXXX]. Informed consent was obtained from all participants.

Without formal approval: This study did not require formal ethical approval. All participants provided voluntary informed consent and no sensitive personal data were collected.

No human subjects: This study did not involve human subjects or sensitive data requiring ethical review.

DECLARATION OF GENERATIVE AI AND AI-ASSISTED TECHNOLOGIES IN MANUSCRIPT PREPARATION

Authors must declare the use of generative AI tools (e.g., ChatGPT, Grammarly AI, DeepL) in the writing process. Note: basic grammar and spell-check tools do not need to be declared.

If AI was used: During the preparation of this work, the author(s) used [NAME OF TOOL/SERVICE] in order to [STATE REASON, e.g., improve language clarity, assist with paraphrasing]. After using this tool/service, the author(s) reviewed and edited the content as needed and take(s) full responsibility for the content of the publication.

If AI was NOT used: Not applicable. The author(s) did not use any generative AI or AI-assisted technologies in the preparation of this manuscript.

Important: AI tools may not be listed as authors. The use of AI does not reduce the author's responsibility for the accuracy and integrity of the work.
