

Sora Book Book Requests

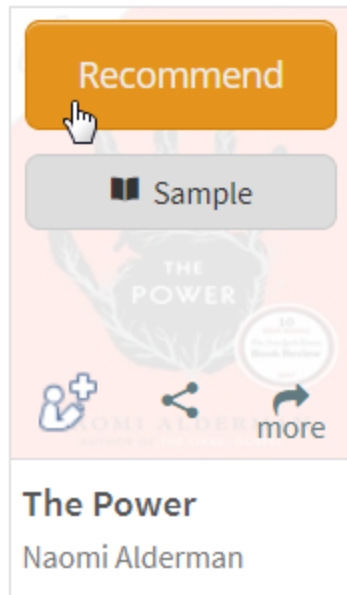

Sora's developers are working on adding a title request feature, but in the meantime, you'll need to log into OverDrive to request to have an eBook or audiobook added to our collection in Sora.

If there's a title you don't see in Sora, just follow these steps:

1. Go to the [OverDrive Login page](#)
2. Select **Ottawa Catholic School Board** in the dropdown
3. Click on the **Ottawa Catholic School Board users, please click here to sign into this system** link
4. Run a search for the title you'd like to request.
5. On the results page, select **Additional Titles to Recommend** under the "Show me" filter. Titles our library doesn't own are added to your results.
6. To determine which titles you can recommend to your library, look for the recommend icon.

7. To recommend a title, mouse over it (or tap it, on a mobile device) and select the **Recommend** button.

8. Select **Recommend this title** to complete your recommendation. If the title is purchased, you'll be added to its wait list and receive an email when your hold is available.

You can view a list of titles you've recommended under your *Account > Lists > Titles you recommended*. Once you recommend a title, you cannot remove it from your "Titles you recommended" list because your library has already been alerted that you've made the request.
