

HDPE Charging Funnel for FRP Water Tank

Crafted from high-quality, food-grade HDPE material, this charging funnel is designed for efficient and mess-free media loading. Available in 200mm and 300mm diameters, it is compatible with central pipes of sizes $\Phi 26.7$, $\Phi 32$, $\Phi 40$, and $\Phi 50$.

The funnel features a one-piece central pipe cap, helping to reduce waste and significantly cut down on labor time and cost. Ideal for use with FRP water tanks, it is perfectly suited for loading quartz sand, activated carbon, resin, filter media, and other similar materials.

Key Features:

Made from food-grade HDPE

Diameter options: 200mm / 300mm

Fits central pipe sizes: $\Phi 26.7$, $\Phi 32$, $\Phi 40$, $\Phi 50$

One-piece cap design: no mess, no waste

Ideal for FRP tank media loading

Compatible with various filter materials
