

Music Jam 2025 All Quests (part 2)

Hey chat! Today, I am finally covering part 2 of the Music Jam quests for this year! There isn't a lot, so it's gonna be quick!

For this one, you need to light up all four of the colors. Realistically, you only need four penguins to complete this quest.

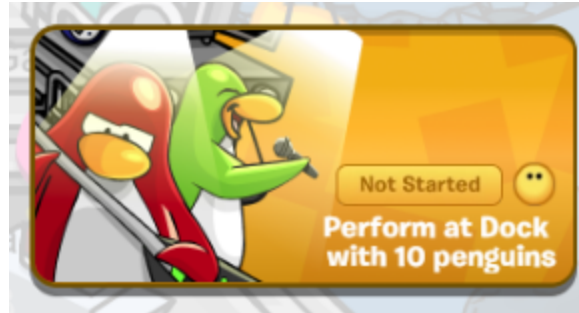

For this quest, you need to conduct an orchestra at the Ocras Straw. To get there, go to the snow forts and head north, beside the Music Maker 3000. You need to conduct while four other penguins are on stage. Right now, there are none.

To get the conductor's uniform, it's in the May 2025 catalog and it's still available.

I missed this free item you can find in the Odra Straw in my last blog, but it is not required for the "collect all free items" quest.

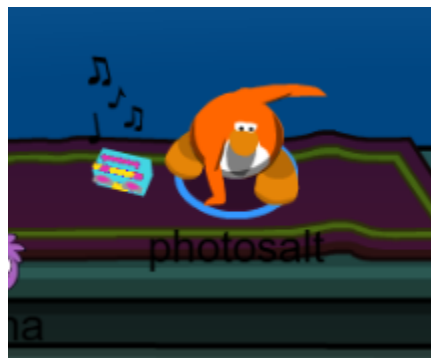

For this quest, you need ten other penguins with you to perform on stage at the dock.

For this last quest, you and thirty other penguins need to use an instrument while on the red or blue side. You can only complete this quest during the day.

Congrats! You have completed all of the quests in Music Jam 2025. This party's island quest prize is the retro boombox. This is what it looks like when someone is holding it.

It comes in this animated dance not seen in Club Penguin. It is part of Cadence's dance animation during her concert.

Mascot Backgrounds

Before I go today, I want to show you all of the mascot backgrounds that this party gave us. Starting from Cadence and ending with Stompin' Bob. I will also rate them on a scale of 1-10. Later next week, I will upload the next blog.. hint hint... it has to do with mascot backgrounds!

Cadence's background is not Club Penguin Legacy exclusive. It was made when the original Club Penguin was still around. I give this background a 3/10. It's the colors and the black background and it gives me a headache just looking at it.

This background has been around since 2022 during Music Jam 2022 when you met DJ Maxx. It came back for this year's Music Jam and I really like it. 8/10.
Also the Keeper of the Stage is here and I love him.

First Penguin Band member to visit, it's Franky! Each of the member's instruments they play can be seen on the bottom right side and beside the couch, and that's really cool to see. 7/10.

G Billy. I don't need to say anything else. 10/10.

Petey K is a goofy fella. I don't seem to mind him as much as the other three, but he does say "slay" so 6/10.

Used to be my favorite Penguin Band member, until I realized G Billy is my idol. I still love him and his background. 9/10.

Now, if you met all four of the Penguin Band members, you get this background!
It's neat, I love it. Everyone is here! 10/10.

~

I believe that is all for today! If I missed anything, feel free to DM me on discord!
Until next time.
