

# AP Government 23-24 Summer Assignment

Congratulations,

You have signed up for AP United States Government. That means that you are taking a college level class next with the opportunity to earn college credit!

In order to get a running start when school starts in the fall, all students in AP Government are given a summer assignment to complete.

The summer assignment serves three purposes:

1. To prepare you for the type and amount of homework you will receive.
2. To give the opportunity to become familiar with some of the content so we can quickly start learning the course concepts and have additional time to prepare for the AP test in May.
3. To give you a bit of a cushion for your first quarter grade.

The assignment is pretty simple. There are four readings labeled 1.1 APUSG, 1.2 APUSG, 1.4 APUSG and 1.5 APUSG (we will learn about 1.3 in the fall).

For each reading there are terms to define and questions to answer. The terms and questions will be located on a single pdf file.

So, this document contains links to 4 pdf's of readings and 1 pdf with terms and questions to answer for a total of 5 pdf's all together.

Answer your questions on your own google document. When you are assigned one of the four AP government teachers in the fall they will explain to you how to turn in your completed work.

Have a great summer and looking forward to seeing everyone in the fall,

Mr. Main, Ms. Abercrombie, Mr. Benswanger and Mr. Amato
