

My husband, George Jones, past Director of Visual and Performing Arts for Garland ISD, and I have been working with John Sabol for the past 25 years on trips throughout Europe, Australia and New Zealand. Our group size has ranged from 40 – 50 people each year and many have joined us on 10 trips or more! We started out as a group of teachers but, due to John's amazing organization and attention to details, our trips now **fill in a matter of hours** and have expanded to include retired teachers, friends, family members and whoever wants to join us. John always works with us to make sure our trips include everything we want to see or do as well as ensuring that all the details are well managed! Openness and honesty are two of his strongest characteristics and we continue to have every confidence in the amazing trips he plans for us because we know that with John, everything will be handled perfectly.

Donna Jones

Secretary, Allen Texas Retired Educators Association
