Oh hi! FRAYDO here! So Mike here shares similar ideals as me? What a nice fact. I'm wary of everyone introducing themselves, but hey if its kamuixmod doing it then it's cool.

Anyway! I chose to investigate Chaos and got a Town result.

Colours, colours~

Oh! Yeah! May as well introduce myself! I am Faris NyanNyan. Additionally, I have but a Plastic Upa on me currently. I have to wonder who you are in that you share enough ideals with me to establish this lab.

Gütentag Fraydo. I haven't got a clue as to what is going on. But I see that we're stuck in a cosy lebensraum. Also, I also investigated Chris during the night and I got an Organisation result. Time to find out which one of us has the correct read?

Oh, and I am a person called Luka Urushibara. I also have a Plastic Upa. And I'm horribly confused as to what is happening in this game. :v

Happy to see us in a mason on D1 though. Zis should be interesting. Also, should I do a silly jokephase thing and scare the living shit out of everybody? U:

A silly jokephase thing you say? I'm all for it. Doing some catching up on reading and trying to get ahold of these AC/OC/RS formulas as Jeod seems to be working out.

I see we are the last to ##introduce ourselves :v

I am interested to see which of us has the correct read. Should I die Night 0, I will have Reading Steiner. So my read on Chris may be correct?

Chris is aware he was visited by two people. Seems also they're thinking of you as the first lynch. Should we reveal our Future Gadget Lab?

I'm fine with people lynching me first. :v But nah, not really. I'll admit to anything if people want me to. But other than that, I'm going to keep the "I can only talk in pictures" going for a while. Well, that ended quickly. :v

Hmm, what if we follow a full blown open door policy towards the rest of the players this game? That is, until we need to do some actual plotting to defeat whatever party we end up hostile to.

By the way, Fraydo, I'm currently working on the July Crisis. :v I've already had to scrap things a few times and begin anew.

Oh ho ho, the July Crisis you say? Tell me more :>

A full-blown open door policy is something I can get behind. Excellent thinking, lab assistant!

No, I shan't tell you more. :v

But you shall! V:

Also, assistant! Why putting yourself up for the lynch?

Well. :v I don't really understand what need to be doing, nor how I can achieve anything. Kamuix, Irishman, Jeod, etc are doing a great job at decyphering the game. But I have no clue as to what is going on.

I have no clue myself, but even then I can't go forward with a lynch on you. There's the possibility still of your read on Chaos being true over mine.

Oh lol, I'm reading the thread. And they seem to be 100% firm on me not being interested. :v Well, I'm interested. But games and cluelessness. Hurrah. I don't know how I can contribute.

As Nodlied has died, this doc will be closed.

As Nodlied is alive again, this doc has been reopened!

Nodlied ol' buddy! You made it back to the land of the living! I sure hope you have been informed of this recent development, and doubly hope that you even care to be alive again :v

Meh, I'm ok with it. Let's see how I can help out.

Hey, it's Voe.

Omg it's V-o-e. Hi, welcome!

Hi

Nodlied is kill once more.
