

TCAP haikus:

obey the teachers  
only when you feel like it  
it is just a test

seniors can sleep in  
everyone else gets tests  
this is the third line

quiet please, testing!  
make your marks heavy and dark!  
stop at the stop sign!

While you are testing  
I am sleeping and dreaming  
life sucks, get over it

sharpen your pencil  
carefully break the tip off  
sharpen your pencil

If you do not try  
Your teachers will be fired  
Relax, no pressure

Do you have a soul?  
For goodness sake, don't let on.  
Think like a robot.

TCAPs, ha no thanks.  
ACT nice try have fun.  
Senior life buddy.

advanced, proficient  
it follows you forever  
one day defines you

TCAP makes you dumb  
Your mind is floating away  
this is a haiku

What is this TCAP?

A pointless test you may say  
This is very true

TCAP testing you say  
Have fun today lower class  
Seniors sleep all day

Shh, be quieter  
Our task is to get taxes  
We'll get left behind

I really drank too much  
now I really really need to pee  
to the bathroom now

TCAP's are the best  
oh yes oh yes they really  
aren't I hate them

Haikus are not hard  
Neither is the TCAP test  
Just try your best, dude

Monotonous tests  
Cloud our creativity  
As mankind stagnates

I have a bad cough  
It's really inconvenient  
Oh! Also T-CAPS

Google docs is great  
T-CAPS are quite lackluster  
Let's watch Ghostbusters

Some of these haikus  
don't contain the right amount  
of apt syllables

New Vista is cool  
This test determines funding  
Do well, get paid bro

Literature rocks  
The TCAP makes you read some  
Try to enjoy it

I'm out of ideas  
You should make a few haikus  
While you are waiting

TCAP haikus! Yes!  
Oh wait, these are kind of lame...  
I'll go back to sleep.  
(alternatively: I'll go read more Leek)

Seniors get to sleep,  
Apologetically  
You guys got breakfast

\*Free breakfast is nice  
"Consolation prize it is"  
Suddenly Yoda

11th graders  
Think they're so cool sleeping  
Two Words: ACT

Stop at all stop signs  
You must obey all icons  
The proctor rules the room

Love is like TCAP  
it's painful and worse to watch  
with nothing in return

"I'm scared of testing

bubbles lurking every page  
all black and white rage”

“All testing kills trees  
I hope one day trees revolt  
and kill test makers”

“Stupid and boring  
inaccurately scoring  
tests are just not fun”

“Supreme black and white  
judging academic skills  
time-consuming tests

One more question left,  
You’re almost to the stop,  
Come back in 10min.

why why why why why  
why me why me why me why  
why why why why why

Standardized testing shows true skill,  
More like a robot with no fill,  
Go take your robot pill.

Haha I get to sleep  
while you write and read and weep  
Senioritus take my own leap.

Obey The Leek  
Respect, The Leek Reigns Supreme  
Keep Calm And Take Leeks
