

5 Best Skillshare Workshops for April 2021

Workshops combine Skillshare courses for weeks of learning and personal enrichment opportunities

Just in time for spring, IMHO Reviews announced the top 6 latest Skillshare online workshops that will enrich the month and offer creatives a dose of inspiration and motivation with each lesson.

Skillshare workshops are developed by combining several Skillshare classes into one cohesive sequence of lessons. Workshop participants receive a more in-depth learning experience and a chance to build their skills through regular courses over the course of several weeks.

Workshops give students different experiences and usually, people who participate are more engaged in the learning process. There is a stronger feeling of community because other students are participating at the same time. In addition, there are more Q&A and students are more likely to practice new skills and submit their projects to showcase them and receive a feedback." Vitaliy Lano owner of IMHO Reviews said.

Here are the top 5 Skillshare Workshops to take in April

1. **Create a Daily Art Practice: A 28-Day Challenge**

Illustrators Dylan Mierzwinski and Jessica Swift team up to offer a workshop participants a stress-free outlet to practice creativity and take time to recharge. The workshop guides participants through 28 days of daily art-making using basic supplies. All skill levels are welcome.

When: April 19 - May 17, 2021

2. **Dream It, Do It: Build Your Creative Business**

Learn the ins and outs of running a business as a creative in this practical workshop full of inspiration, advice, and all things business. Freelance artists Bonnie Christine, Brooke Glasser, and Shannon McNab will team up to teach creatives how to transform a hobby into a lucrative business. Drawing from their own experience, the artists will cover goal setting, financial literacy, finding clients, establishing a workflow, and preparing art to sell and present to companies. Great for aspiring full-time artists and business-minded creatives.

When: April 5 - May 3, 2021

3. Design a Space You Love in 4 Weeks: Easy, Fun, Fabulous

For anyone who has been meaning to redecorate their home, but does not know where to start should consider this four-week course. The workshop is led by Interior design gurus Arlyn Hernandez, Albie Buabeng, and Mikel Welch. They'll help anyone find their interior design style, create a moodboard, master practical home improvement skills, and decorate on a budget. All skill levels are welcome.

When: April 5 - May 3, 2021

4. Watercolor in the Woods: A 4-Week Beginner's Guide to Painting the Natural World

Join Rosalie Haizlett as she guides beginner watercolor artists through the process of creating soothing watercolor images inspired by participants' favorite places in nature. Workshop attendees will learn how to take a reference photo, create a pencil sketch, watercolor techniques, and will show off their new work in the project gallery.

When: April 5 - May 3, 2021

5. **Boost Your Productivity for More Success and You Time**

Learn how to avoid burnout and still get more done with this helpful Skillshare workshop led by entrepreneur Thomas Frank and business consultant Lindsey C. Holmes. Participants will learn how to build realistic habits that they'll actually stick with, set realistic goals, develop time-management tools, and master productivity systems. This class is for anyone who is committed to buckling down and getting more done this year. All skill levels are welcome.

When: April 5 - May 3, 2021
