260 gsm Art Paper

260 gsm Art Paper provides a more substantial option for businesses looking for a sturdier and more premium-feeling packaging bag. It can be suitable for premium products, gift sets, merchandise, corporate gifts, and other applications where a more substantial material is preferred.

The appropriate material can be selected according to the product and desired packaging presentation.

Matte or Glossy Lamination

Matte lamination provides a smooth and understated appearance that can complement clean and refined packaging designs.
